# "The Times . . . Are Changin' "

— Simon and Garfunkel

Today's changing world

creates questions . . .

rejects answers . . .

Stresses individuality . . .

presents a challenging future

with its multitude of choices.

I ask:

How can I contribute to the changing world while keeping up with its rapid movements? How can I search for fulfillment in a changing macrocosm?

I answer:

"I do my thing, and you do your thing.

I am not in this world to live up to your expectations and you are not in this world to live up to mine.

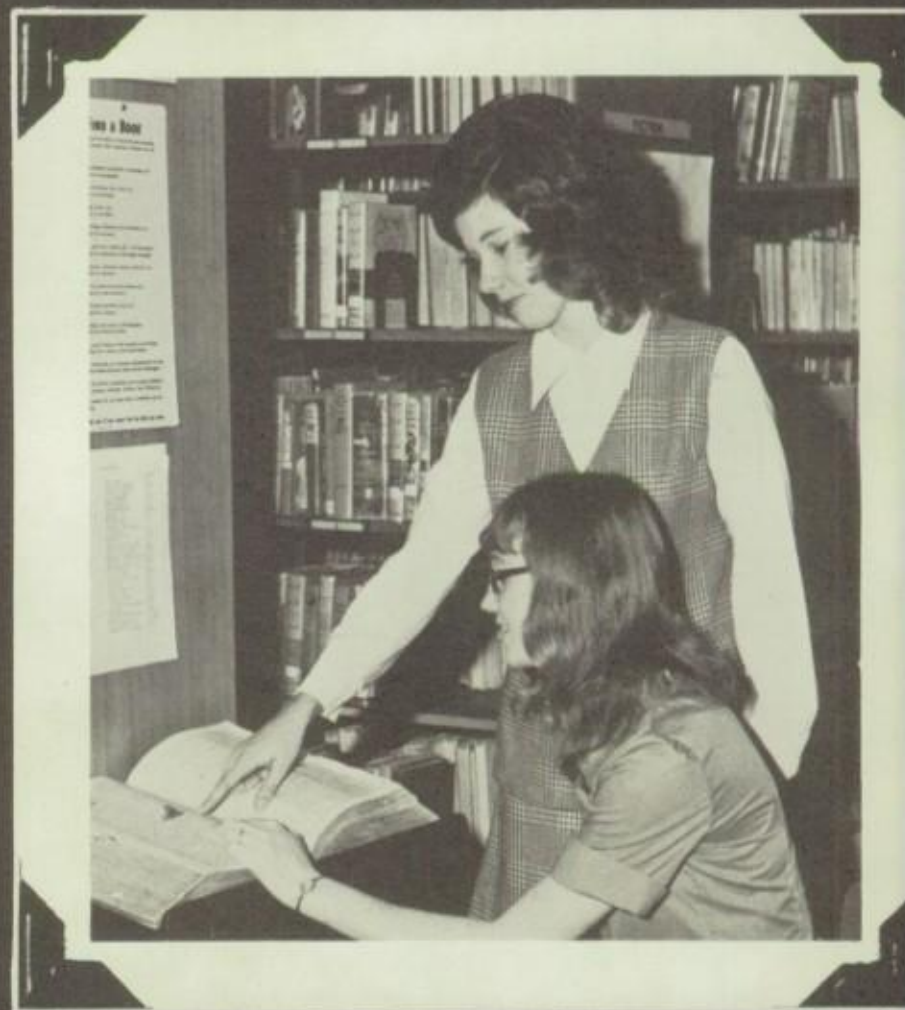

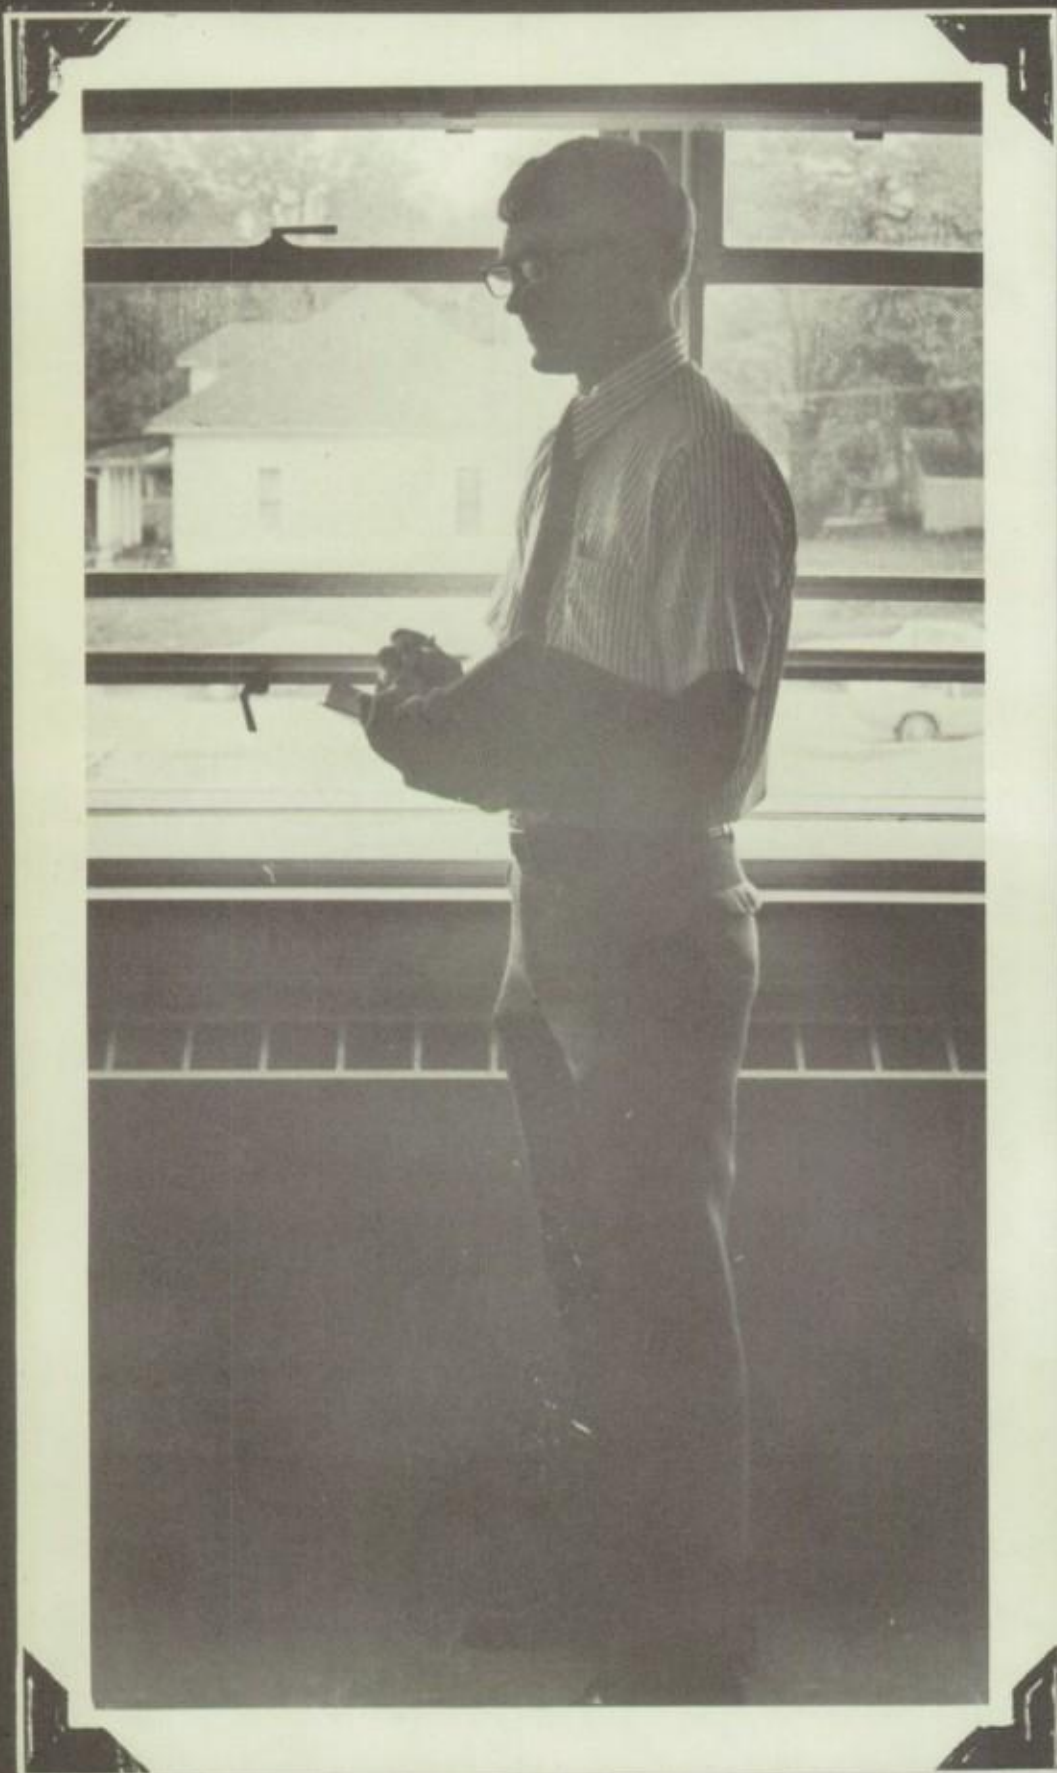

YOU ARE YOU AND I AM I

And if by chance we find each other—it's beautiful."

—Frederick Perls

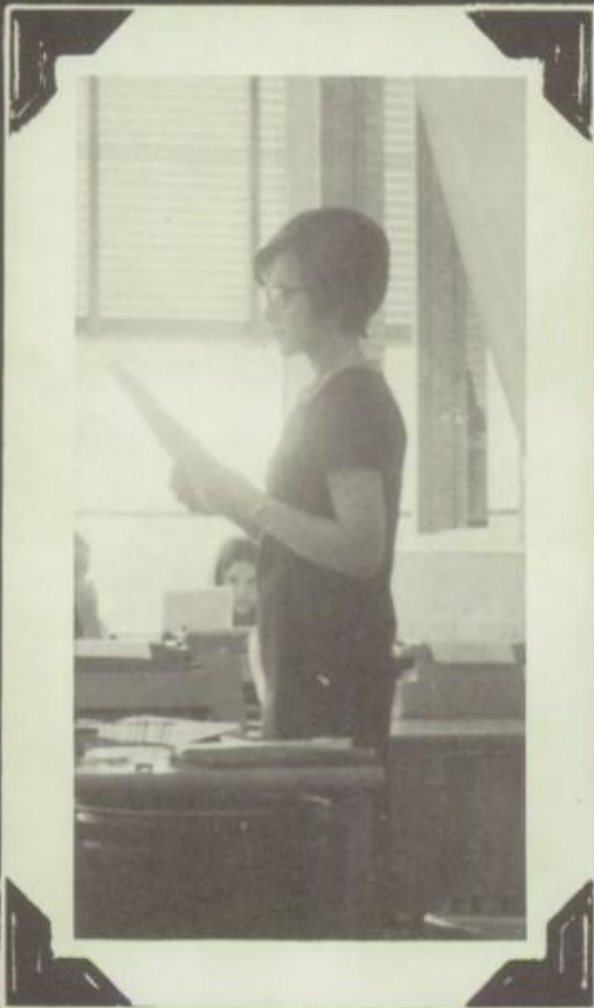

# Change— Inevitable

"Definite change will come.  
Each campus must fit its particular  
campus needs, not changing for  
the sake of changing."  
—Baldwin

Aging ideas bear the  
fruit of youthful  
concepts; ancient  
practices

develop into modern tech-  
niques . . . Early hopes  
give way to youthful

aspirations . . . Decrepit  
goals flourish to become  
blooming ambitions.

# Search for Identity®

"It's a curious thing when that which is old becomes that which is new. Just as the times have changed, so have the tastes and interests of students."

—Anonymous

Students do not conform to suit the times; times change to coincide with the students' interest.

A continual metamorphosis is in process; ideas, values, and goals are changing to fit our needs.

The search for our identity continues, and we hope someday, when the change ceases and concepts are made meaningful, to find ourselves.

# Whirlwind of Changes

"A community is like a ship; everyone ought to be prepared to take the helm."

—Ibsen

Each of us retains individuality; yet we enter into this whirlwind of change, bringing fresh ideas and new approaches to foster change in the community.

Each of us work for a break in the establishment. Wanting to be known for ourselves, we emerge from our self-concealed corner, making our move for the group.

But underneath this movement is the traditional ideal of working together as a unit, realizing that . . .

"positive change is the very basis of improvement."

# Sports Modify

"But all I know is if I go out and (fight) until I black out and somebody still beats me, and if I have made that guy reach down and use everything he has and then more, why then it just proves that on that day he's a better man than I."

—Steve Prefontaine

Last minute words, words of reminder, words of wisdom.

A split second decision made. A game plan changed.

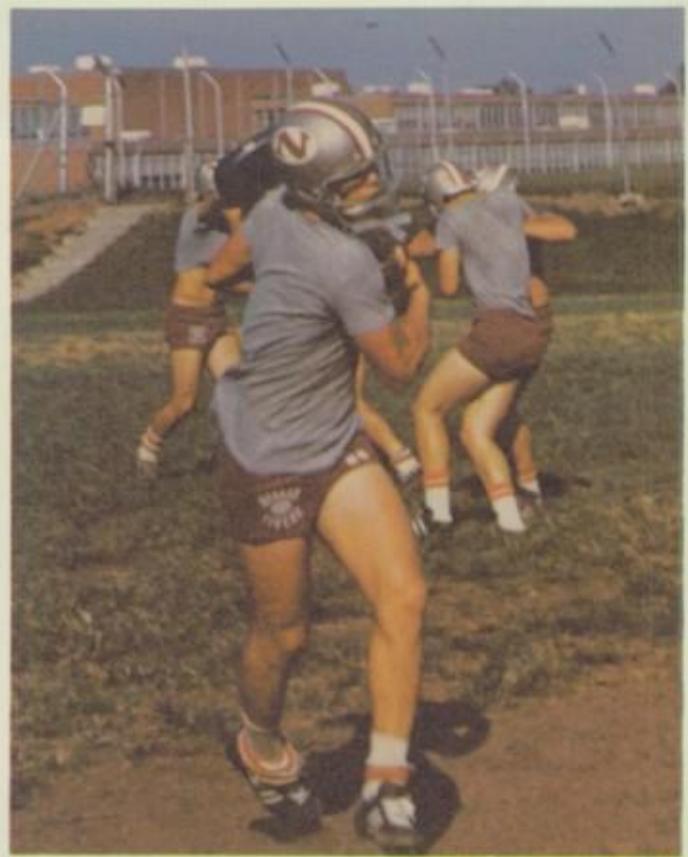

A game of contrasting emotions. Individuals  
hungering after victory, spectators exploding with

spirit—facing chilling rains and cold weather. Players sweating, breaking bones, receiving injuries that cost them the rest of the season. All—play the waiting game.

The last precious seconds wind down on the clock . . . . The game is over. For some a victory and the desire for more; for others a defeat and the resolution to defeat the undefeated.

Nevamo Royalty

# Changing Times . . .

On May 9th, the theme of the 1973 NEVAMO, "Changing Times," was revealed to the student body of NHS at the 30th annual NEVAMO assembly.

After nine months of hard work and preparation, the '73 staff revealed their secret through a series of pictures which reflected the changes that had taken place at Nevada High School during the past school year. The cover of the

book, representing an album and inscribed in Old English

Text, was opened to reveal the queen and king candidates (Barbie Bain,

Lea Ann Duncan, LuAnn Johnson, Cheryl Lewis,

Nancy Norris, Marc Edwards,

Mark Gordon, Kyle Maring,

Blaine Shelton, and

David Weatherly.) Clarisse

Fryrear then crowned

Nancy Norris and Mark

Gordon as the queen and

king. To reinforce

the theme, "Changing Times,"

background music by Simon

and Garfunkel with the same

title was played softly.

Shirley Wilson, editor,

said, "The 1973 NEVAMO

is a book of

reflections for 1495

NHS students."

# Nancy and Mark Reign

Looks of anticipation were evident on the faces of each student as the candidates for the 1973 NEVAMO royalty stepped from a mock replica of the yearbook cover. From these ten, two had been voted on by the Senior High student body to reign. Opening the envelope that had been sealed since November, Shirley Wilson, Mistress of Ceremonies, announced, "Nancy Norris and Mark Gordon have been chosen the 1973 NEVAMO

Queen and King." Clarisse Fryrear, with the assistance of Jill Jackson and Chip Balk, crowned Nancy and Mark. This marked the highlight of the 30th annual NEVAMO assembly.

# Age of Change

"Learning from one another, teachers and students combine energies to shed seeds of understanding that open the door for change."

—Anonymous

We've come a long way since the days of readin', writin', and 'rithmetic.

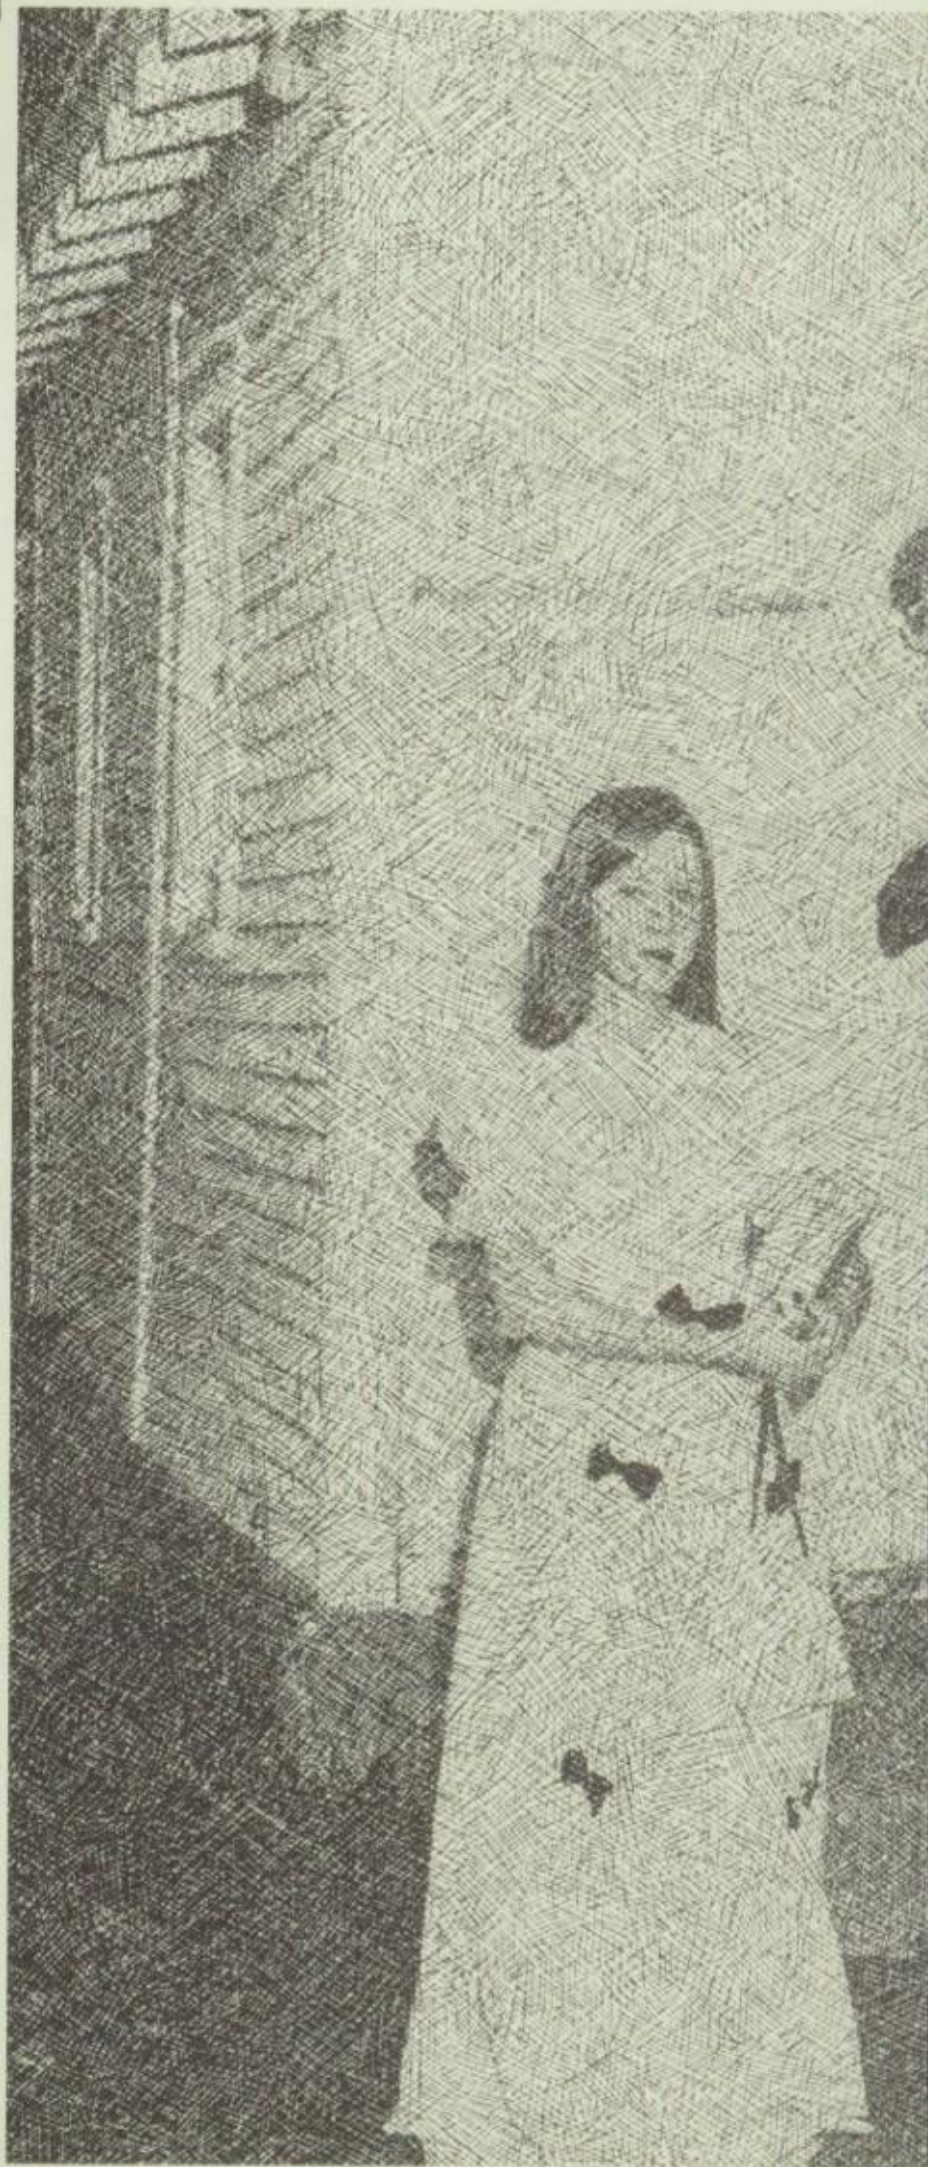

Methods and styles of learning have changed. They've been rearranged and altered, but the best ones have been kept.

Today's education signifies the 'changing times.'

Thoughts are varied . . .  
minds are modified . . .  
objectives are revised . . .

But this is the beginning not the end. For the Seniors a beginning of a new and different life. For the underclassmen, the beginning of a change in class and experiences.

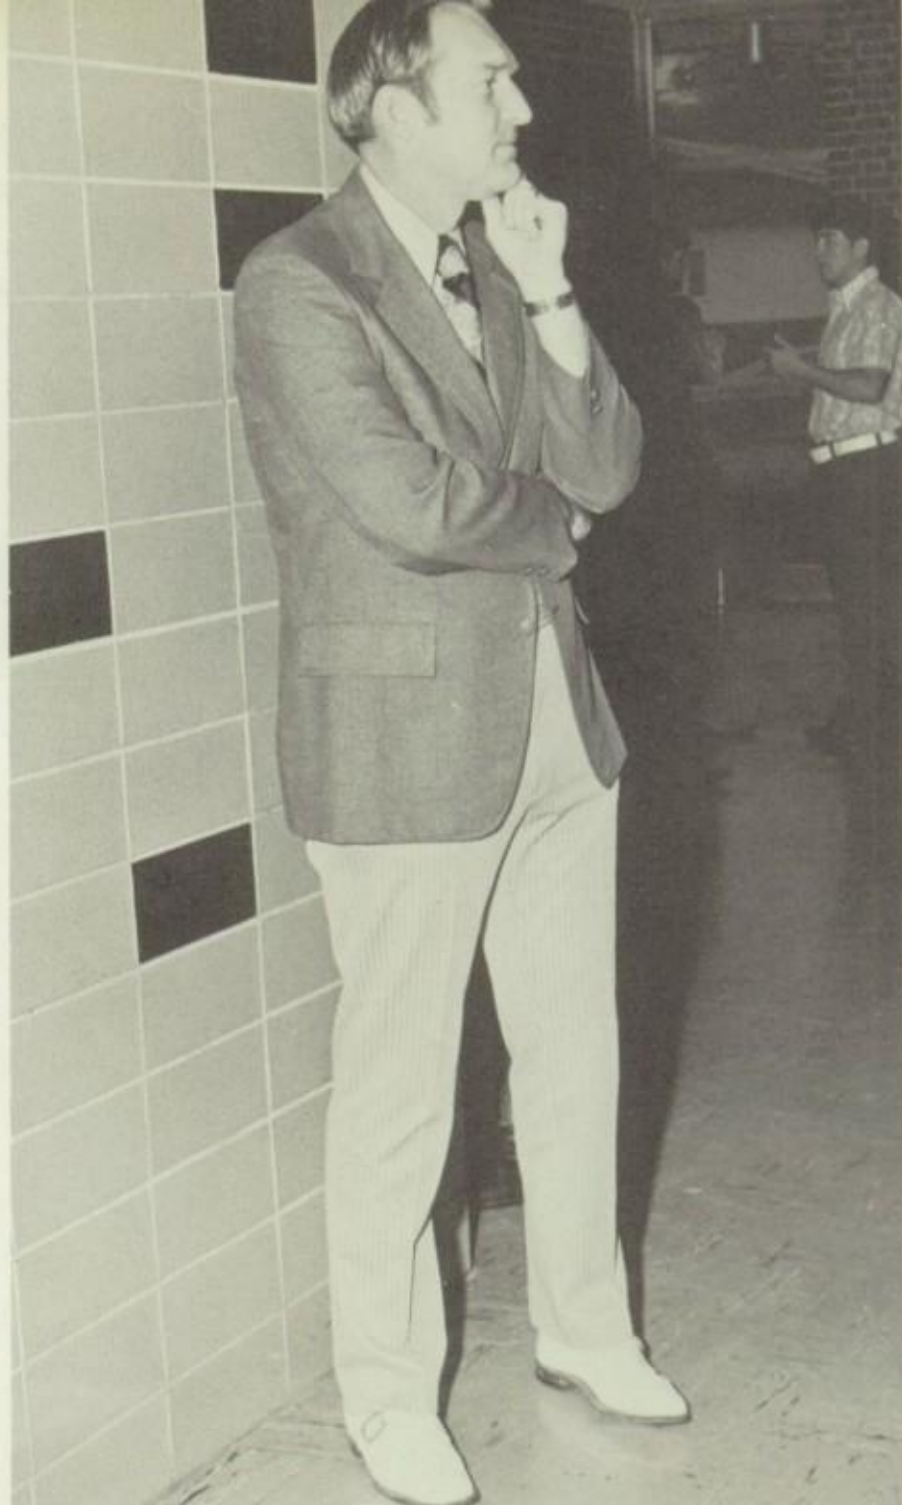

From these students come new ideas, free and creative, that can only thrive in an age of change.

## Administration

# Administrators Make Progress

"Striving to meet the needs of all students, regardless of their interest," was a common goal among the NHS administrators. The administrators and secretaries worked together to make a stronger and better school. All administrators were faced with the responsibility of keeping up with the changing times in plant expansion and in curriculum. Supt. John Carmichael, with the aid of Ass't. Supt. Garland Keithly, Principals Mr. Bill Wynn, and Mr. Jerry Whitson (Voc. Tech.), saw the end result of much planning with both the Voc. Tech. and Middle Schools becoming future realities and with the addition of ROTC to the curriculum. On a smaller scale, but of great value, was the purchase of classroom television equipment, which enriched classroom instruction.

## English

# Instructors Apply New Approaches

English at Nevada High School was more than traditional grammar and basic literature textbooks. It was a composite of audio-video tapes, language masters, controlled readers, new approaches to grammar, supplementary paperbacks, and the Special Education program. Mr. William Parks, Special Ed. instructor, and the English teachers of NHS, staying abreast with the ever-changing curriculum, made use of these techniques to give each student an opportunity to investigate and explore new concepts of the literary world. Senior High English instructors applied new approaches to the study of Melville's classic Billy Budd and Sophocles Oedipus Rex. Each teacher involved felt that the study of the "English language and our literary culture are essential to an individual's total development."

## Spanish

# Focus on Practical Use

Using the conversational approach in Miss Lucille Van Liew's Spanish I and II classes enabled the students to fluently speak the language. Through Show and Tell, Kindergarten Day, and the Political Rally, much enthusiasm was projected toward the Spanish-speaking people.

In addition to films and slides, records helped to familiarize Spanish students with the various dialects. Miss Van Liew felt "that students enrolled in Spanish because they were interested in learning about other people and in traveling to Spanish-speaking countries." Thus, with the focus on practical application, students became better acquainted with the various dialects and customs of Spanish-speaking people.

**CLASS ACTIVITIES** emphasize Spanish civilization. **ABOVE:** Translating requires deep concentration for first year students. **UPPER RIGHT:** Miss Lucille Van Liew demonstrates a Mexican dance for her students. **LOWER RIGHT:** Kathy Cox and John May learn the value of headphones if used correctly.

## Latin

# Latin III Is Added

After some debate by curriculum directors about furthering the Latin language at Nevada High School, it was finally decided that not only should Latin be retained but that Latin III would be made available. By actually visiting ancient Roman civilizations in Europe and relating her adventures to each specific class, Mrs. Donna Harrington captured the attention of her Latin classes through her realistic approach. Projects deviated from learning rhythmic verb endings to organizing the Saturnalia and the Latin Banquet. "The Latin Banquet," Mrs. Harrington stated, "is a good example of ancient entertainment."

Math

## Math Relates To Everyday Life

"Students realize that ours is a mathematical world; therefore, they want to prepare for it," emphasized Mr. Darrell Burt, Sr. High math teacher. Functional math, with its basic parts and its components, proved to be applicable to other courses in science and practical arts areas. Mr. Jack Netherton, Algebra teacher, commented that math "presents material which the student will need in many, or all, vocations." Students learned functional rules in general math, equations and formulas in Algebra, postulates and theorems in geometry, and logic and calculus in math analysis. From the required to the optional, the math program at NHS prepared the student to meet this mathematical world.

## ROTC

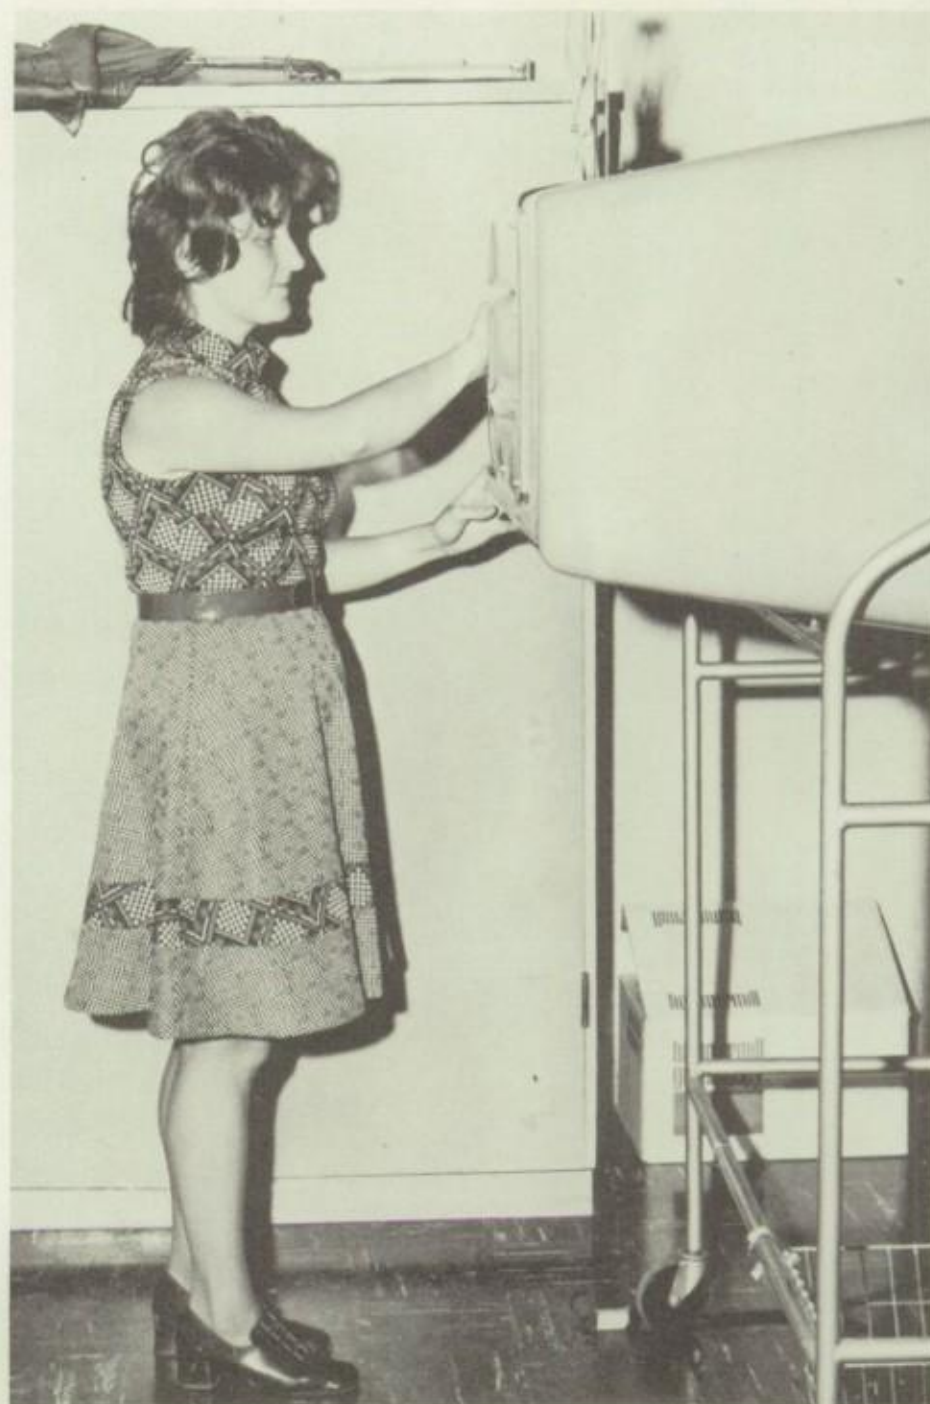

# NHS Adds ROTC to Program

ROTC was added as a new course at NHS this past year. Lt. Col. (retired) Doug Story and CMSgt. (retired) Gerald Griffith were privileged to work with 53 boys in grades nine through twelve. The boys learned about current aircraft, rockets, and spacecraft, as well as military customs and courtesies. Their activities included the formation of a color guard, who presented the flag at the Aurora, Lamar, Neosho, and Carthage football games, and flag-raising teams, who each morning raised the school's American and Missouri flags. Field trips were taken to the local airport and Richards-Gebaur Air Force Base, where cadets flew in a C-130. Col. Story reported that he, CMSgt. Griffith, and the cadets felt "that the newly initiated program was a success."

## History

# Civics—Dropped For Freshmen

1972-73 saw a change in the history curriculum at NHS. Seventh graders were assigned special research projects, while Mr. David Beerbower, Eighth-grade history teacher, reported that he "helped his students examine the past election and the electoral process."

In the Senior High curriculum, civics was dropped and American history became a Freshmen course with emphasis on the period ending with the Civil War and continuing to the present day. Mrs. Marie Butner emphasized that "the change was not so much in the course, but in the name, and that the students were responding nicely to the class." Mrs. Martha Armstrong, Junior history instructor, introduced a change in her methods of study, centering around political parties, economic problems, and labor unions. Modern changes, then, tended to overshadow traditional study methods.

**HISTORY TEACHERS** at Nevada High School spend extra time in helping to advance their students. **LOWER LEFT:** Mr. David Beerbower and Judy Shafer discuss the colonization of New England in the 1600's. **UPPER LEFT:** Mrs. Martha Armstrong discusses a test with Teresa Wallace. **ABOVE:** Mrs. Marie Butner returns the U.S. Constitution tests.

## Fine Arts

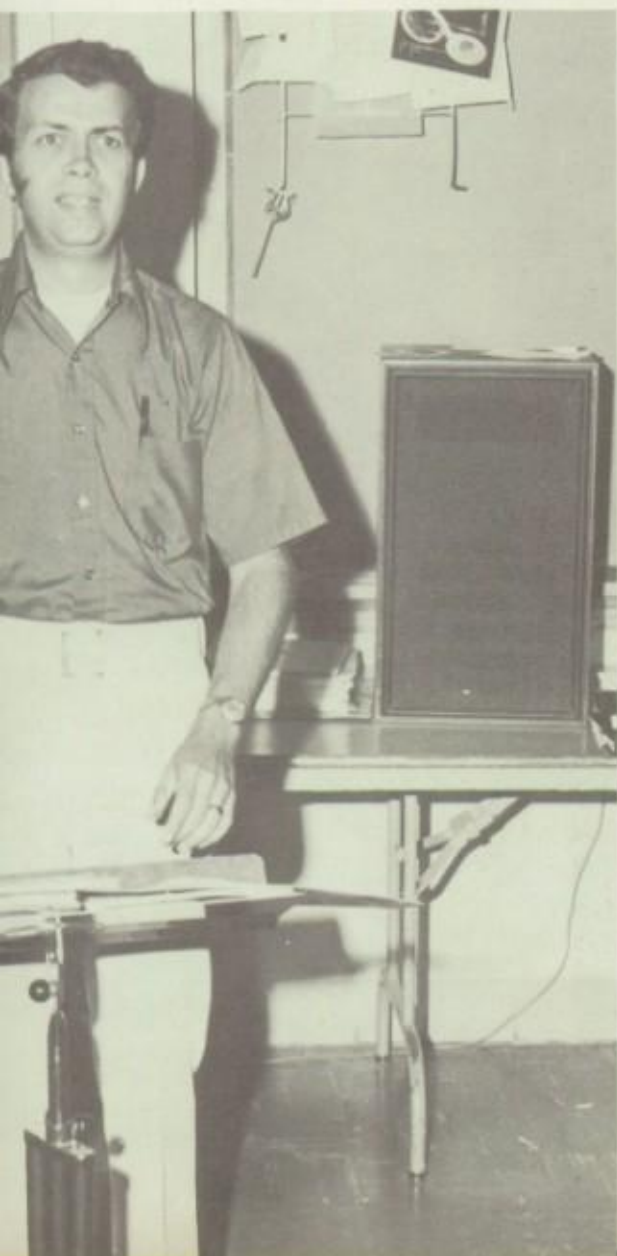

# Fine Arts Stress Creativity

Creativity characterized Nevada's Fine Art's program, making it possible for each student to express his individual ability. Drama classes gained practical experience in understanding what happens both on the stage and behind the backdrops. In the vocal department, Mrs. Sandra McCuistion stated that it was her intent "to provide every student the experience to perform in front of an audience." Mr. Mike Woodard, Senior High art instructor, stated that he "started mostly with 'basics,' because he wants the student to graduate to a higher level of appreciation and skills so that he may relate them to his own life." Mr. Ron Seney felt that "most students think they need to be able to talk to groups," while Mr. James Shannon stressed that his goal would be for the band "to enjoy some of the success gained during the past four years." The new Videotape equipment, which included a monitor, camera, and recorder, served as a new incentive.

**STUDENTS** face many challenges in Nevada's Fine Arts Department. **ABOVE:** Mrs. Bernice Ball spends much time with (Left to Right) Lonnie Welch, Steve Westoff, and Amy Knuteson before the Thanksgiving Assembly. **UPPER RIGHT:** Peggy Nelson, Rita McDowell, and Mr. Ron Seney work backstage on sets, needed for the Jr. play.

### Social Science

## Students Study Social Problems

Students were able to better understand their surrounding problems through sociology and human relations. Through the elective courses for Juniors and Seniors, Mr. Kent Hoyle successfully tried to reveal the functioning of human groups in today's society. Psychology and health, taught by Mrs. Ruth Vincent, also helped to enrich many students' knowledge of man himself. Miss Patricia Rooney worked with her students in economics to help them better understand and accept their environment. "Being able to understand and to become a part of our complex world today" were basics stressed by the various instructors throughout their courses.

## Guidance

# Growth Marks Guidance Center

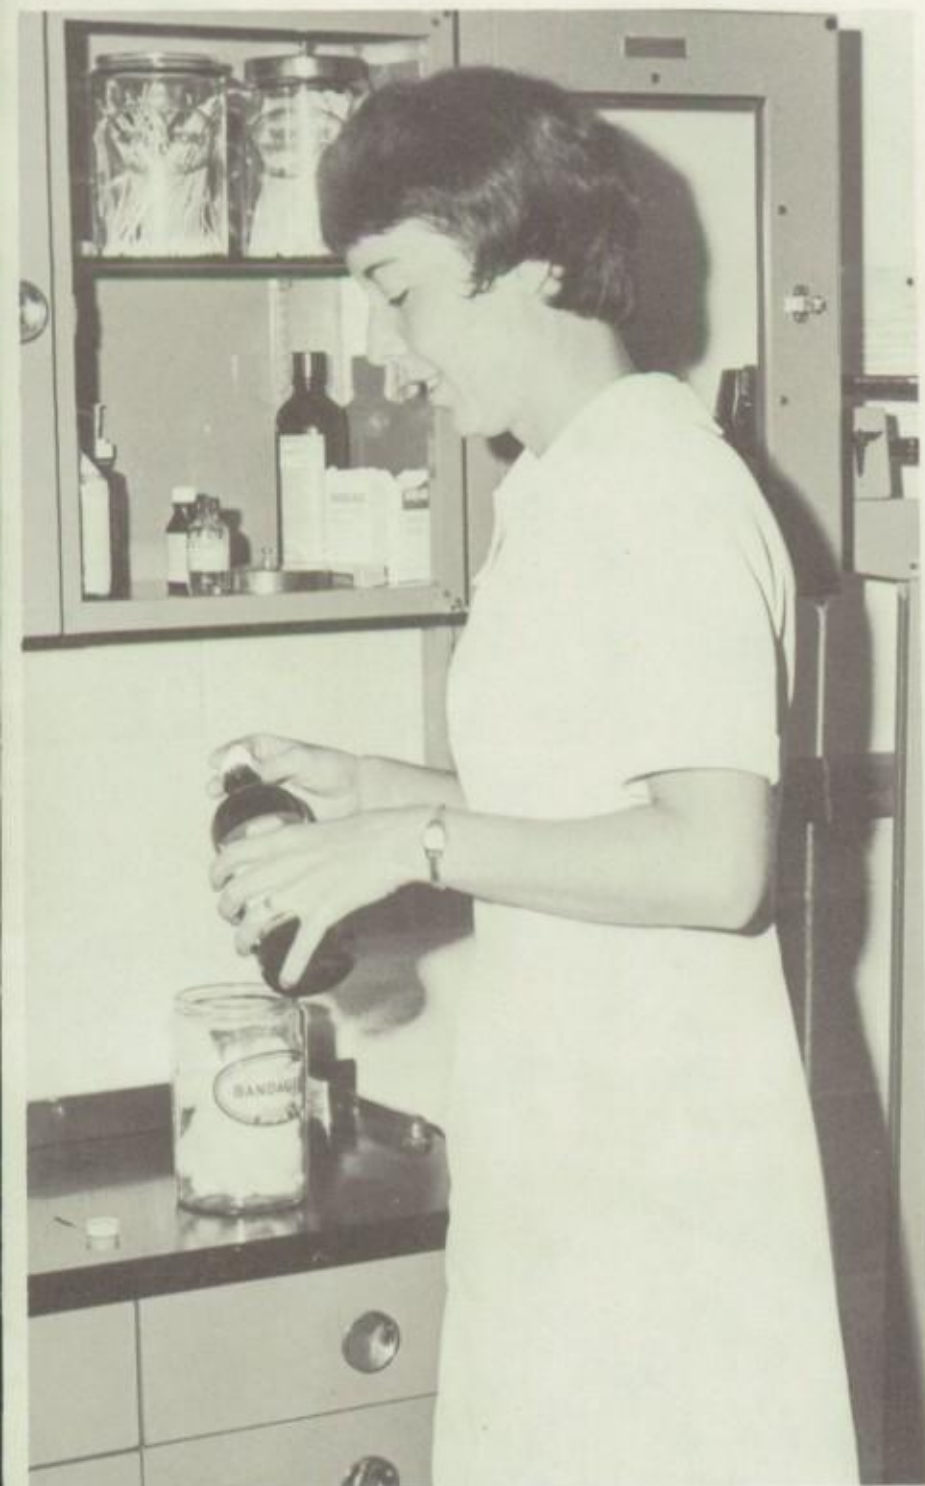

Growth marked the Nevada High counseling department this year with the addition of two new counselors, Mr. Marvin Bualle and Mr. John Hartley (Voc. Tech.). Each counselor felt that his main function was "to help students develop an awareness of the demands of society."

This awareness was made possible through orientation, student handbooks, and testing. Each NHS student felt "that all counselors have tried to work the schedule around his interests, making it possible for him to prepare himself properly for a future vocation."

Another facet of guidance comes through the school nurse, Mrs. Sharon Dissler. By efficiently holding down this position, Mrs. Dissler enabled NHS to be prepared for minor types of medical emergency.

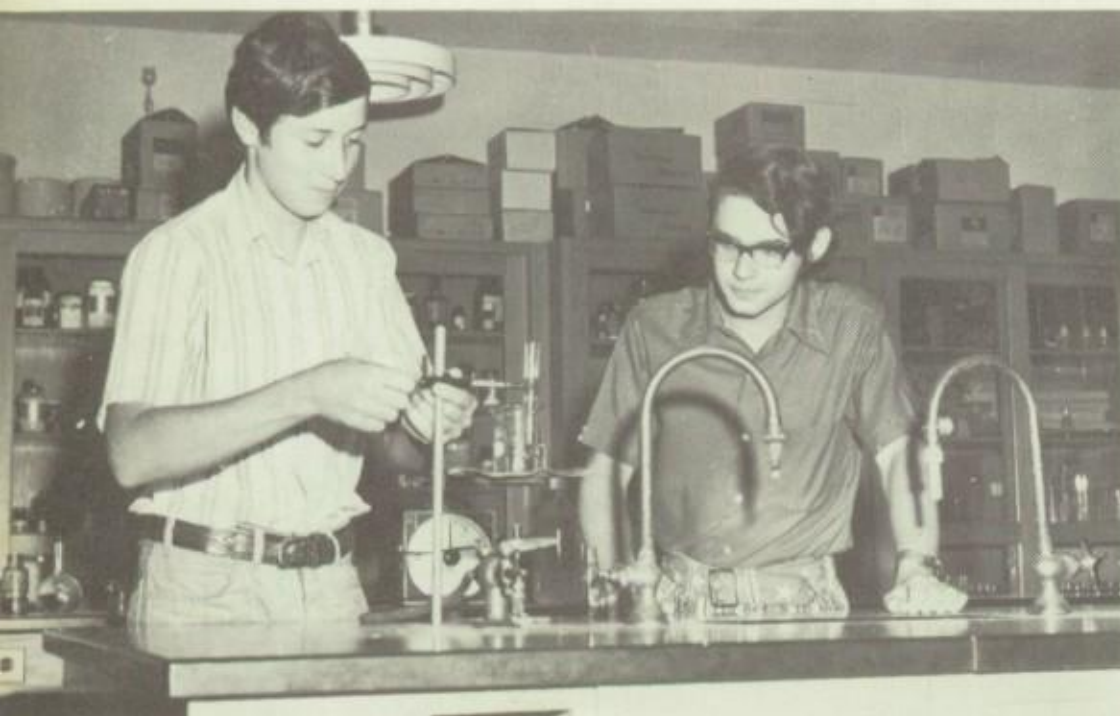

**VOC. TECH. COUNSELOR** strengthens Nevada's Guidance Center. **LOWER LEFT:** Mrs. Sharon Dissler prepares to help an ailing student. **UPPER LEFT:** Mr. Marvin Bualle and Mr. John Hartley take a needed break. **ABOVE:** Mr. John McKinley discusses college plans with Cynthia Polson and Bill Long.

## Science

# Video Improves Science Program

New dimensions were initiated into the science department at NHS. A videotape system was purchased by the school this year, enabling science to be elevated to a more modernistic level. When asked why he used the videotape equipment, Mr. James Snyder, physical science teacher, replied, "The system will instill more interest in science, and it will also keep students from getting bored." Class participation was stressed in all science classes. The Science Club and Science Fair were stressed on the Jr. High level. Science courses had one goal this year—more class involvement and participation in the Science Fair held in March at NHS.

**SCIENCE** instills interest. **LOWER LEFT:** Bill Cox studies the anatomy of an animal. **UPPER LEFT:** Seventh grade science teacher Alan Hoover contemplates a problem proposed by a student. **ABOVE:** Kyle Maring and Blaine Shelton observe the results of their chemistry experiment.

**EXPERIENCE** produces much valued learning. **UPPER RIGHT:** Bill Long, John Shopper, and David Keys work in auto mechanics. **LOWER RIGHT:** James Ramage and Don Gatewood begin projects in woodworking. **BELOW:** Sharon Schoneweather works on COE, during her Senior year, as cashier at Wal Mart.

#### Practical Arts

## New Concepts Add Interest

Nevada's practical arts classes provided experience needed for future jobs. Mrs. Gail Keithly felt that new and advanced textbooks, dealing with the changing times, "gave students some practical knowledge for everyday life." Students worked with the knowledge they had gained, thus, making it possible to do with their hands what they had learned from a book. Many advancements were made in COE, building trades, shop, home economics, and in all business courses. The addition of the photo copier, book binder, and large paper punch provided broader vocational opportunities. Mrs. Pamela Beer emphasized that through such advancements, "students can prepare themselves for future careers."

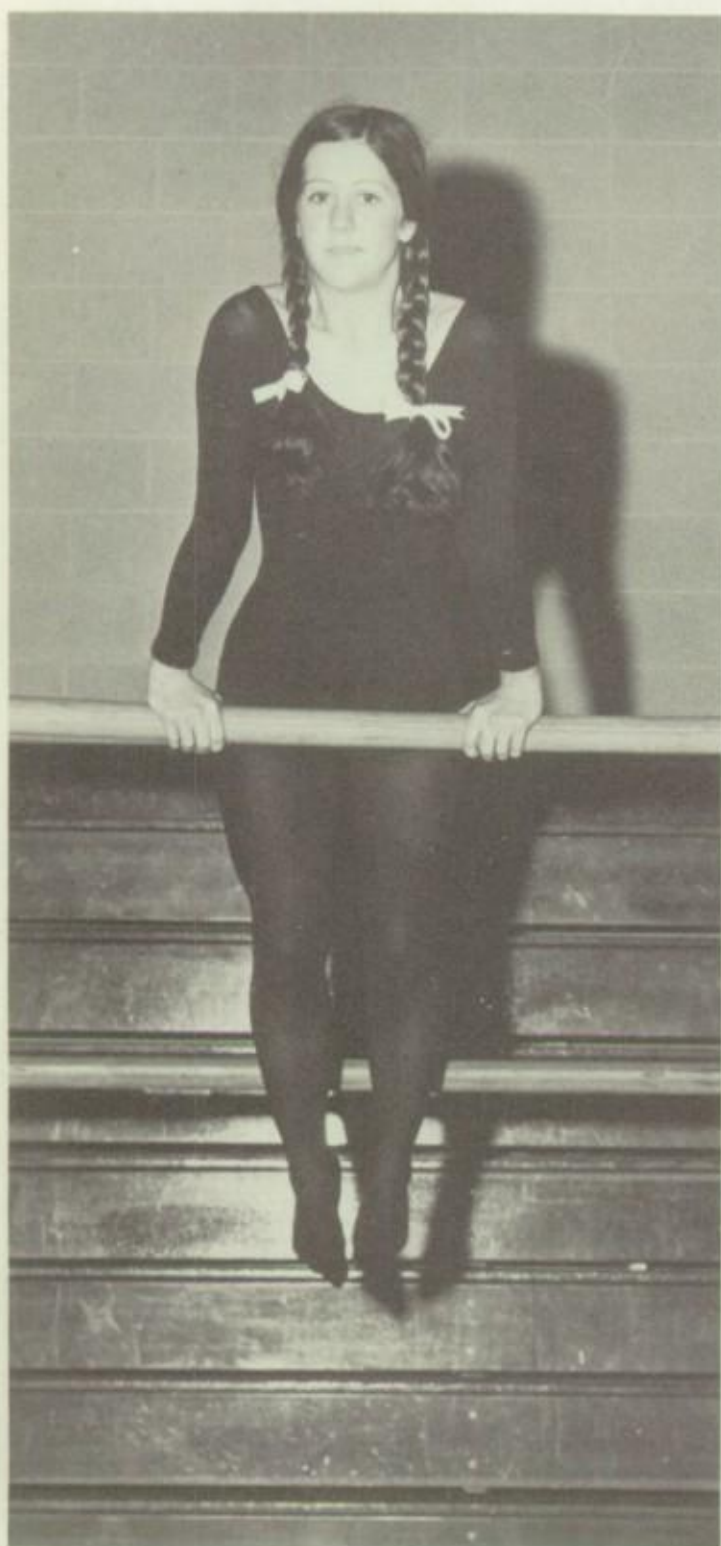

**CLASSROOM INSTRUCTION** makes education worthwhile. **BELOW:** Mrs. Gail Keithly explains a balance sheet. **LOWER RIGHT:** Theresa Howell strives to finish her mechanical drawing. **LOWER LEFT:** Jean-nie Schuster and Kathy Peterson receive instructions from Mrs. Pamela Beer on how to work the Master Copier. **UPPER LEFT:** Mark Otter learns the technicalities of reassembling a tractor engine.

Phys. Ed.

## P.E. Elective for 10-12

"Physical education should be a comprehensive and varied program designed to meet the individual needs of each student," stated Mrs. Bobbie Whitson, Senior High girls physical education teacher. On the Junior High level, Mrs. Ruth Vincent and Coach Larry Testman tried to familiarize students with gym classes by playing team sports and by introducing them to the basics of gymnastics. Even though a change in curriculum made P.E. compulsory for those in Junior High through Sophomore, Mrs. Whitson felt that others took the course to "acquire new skills and to be a participator. By being active they could thereby enrich their total life in high school." The P.E. program was expanded by the addition of a set of uneven parallel bars and a mini trampoline, which, along with game sports, helped students work for greater physical and mental development.

P.E. provides a test of skill. **LOWER LEFT:** Mickie McGlochlen and Clarisse Fryrear practice life-saving holds. **MIDDLE LEFT:** Bob Wilson, Joe Wright, Ricky Smith, Mike Headley, Mike Wolfe, and Bob Lawson engage in a game of bombardment. **UPPER LEFT:** Buffalo ball is rough sport for David Allison, Gary Hancock, Brent Rider, Mark Boehs, Jim Erwin, Tom Charles, Steve Thomas, and Kit Adams. **MIDDLE RIGHT:** Scott Kennedy finishes the mile run in P.E.

## Staff

# Staff Works Behind Scenes

In today's progressive educational system, NHS' efficient staff of custodians, cooks, and bus drivers kept the plant running smoothly. Working long hours into the night, custodians cleaned over a hundred rooms. Mrs. Beatrice Land, custodian, commented that students "are not as bad about littering the desks with paper as they used to be." Mrs. Ann Ephland, with her staff of experienced cooks, prepared hot, balanced meals for over 1100 students each day. All felt that the addition of new tables and chairs "made the lunch room more desirable." Head of transportation, Mr. Stanley Butner, and his bus drivers provided safe transportation for the school. Working behind the scenes, these staff members added to the total functioning of the school plant.

**STAFF** provides services. **ABOVE:** NHS' custodians, Harry Holcomb, James Hackney, Roy Hagerman, Beatrice Land, Elvin Ephland, Lester Jones, Jack Neas, Howard Holcomb, Arthur McGee, and Mike Starr, take a well earned break before completing the day's work. **UPPER RIGHT:** Bus drivers transport students to out-of-town games. **LOWER RIGHT:** Emptying trash is one of the duties of Harry Holcomb, custodian.

# New Ideals Are Adopted

"A man's life is not complete without touching the lives of others."

—Anonymous

Each student is an individual with an unique combination of ideas and attitudes. But no aspect of our social life is so unique in itself that it is not shared by others.

Singleness of purpose draws us together to form a composite of those striving towards a common goal.

Similar interests are inevitable; slight discrepancies—unavoidable. But working together, learning from each others experiences, each moves forward to reach new goals.

Patience, open-mindedness, and tolerance of others . . . . Ideas are created; gaps are narrowed. The vast chasms of curiosity and ignorance are filled with boundless stores of knowledge from experiences both personal and borrowed.

Through contacts with others, we learn, we develop, we change old ideals to fit today's society.

**COUNCIL PROJECTS** require time and effort. **ABOVE:** Jr. High student council members accept duties as representatives. **UPPER LEFT:** Nick Crowe, Mike Perry, and Monta Morris greet Southwest District Conference delegates. **UPPER RIGHT:** Officers — Lana Hirschman, treasurer; Cathy Curry, vice-president; Jane Ann Graham, reporter; Mary Pat Woodfill, secretary; and Bob Carmichael, president — head the Jr. High student council. **LOWER RIGHT:** Mrs. Ruth Mendenhall explains board procedures to Chuck Lewis.

## Student Council

# Council Meets With R-5 Board

With the focus on making student councils "sounding grounds for student opinions and ideas," both Senior and Junior High councils worked in conjunction with administrators to improve school policies. Senior High council, under the guidance of Miss Patricia Rooney, hosted the South-

west District Conference on November 18. New changes permitted Senior High members to sit in on board meetings. Under the direction of Mr. Manley Jackson, Junior High worked together with Senior High to carry out similar policies and to assist with AFS.

**STUDENT COUNCIL** encourages student participation. **LEFT:** Mr. Manley Jackson, Jr. High council sponsor, and Miss Patricia Rooney, Sr. High council sponsor, discuss fruitcake sales. **MIDDLE;** Sr. High student council members relay student ideas. **UPPER LEFT:** Officers Mike Perry, president; Kyle Maring, vice-president; Lea Ann Duncan, secretary; and Aaron Love, treasurer, provide leadership for Sr. High council.

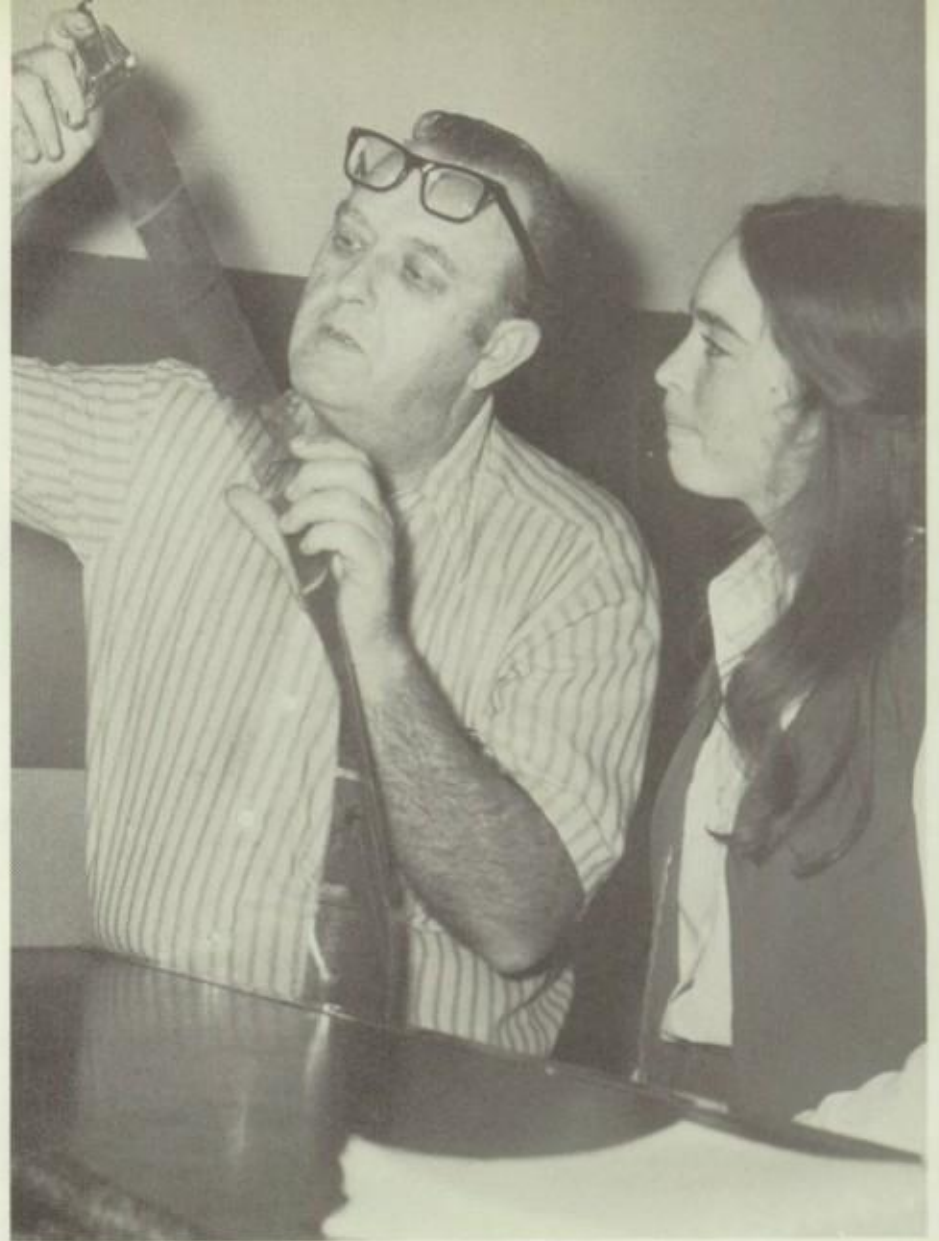

# Yearbook Plans Begin in Summer

Long before students received their Nevamo, plans for the 1972-1973 book were established. In early spring of last year the theme and layout style were chosen. Then, all members of the staff participated in the selling of advertising to help reduce the cost of production. Some 1100 books were sold to the students, administrators, and citizens of the community. Summer workshop, held by MIPA at Columbia, and fall workshop, given by Inter-collegiate Press at Springfield, gave staff members an opportunity to exchange ideas and to work on next year's publication. Information, pictures, and ideas were collected all year by the staff, in order to record the events of the year as they happened. Both the editor, Shirley Wilson, and the advisor, Mrs. Myrtle Pickens, stated that no one "realizes the time and effort put forth to compile a book of memories that will last forever," but they both agreed that "the entire staff felt that it was worth it, since it belongs to the students of NHS."

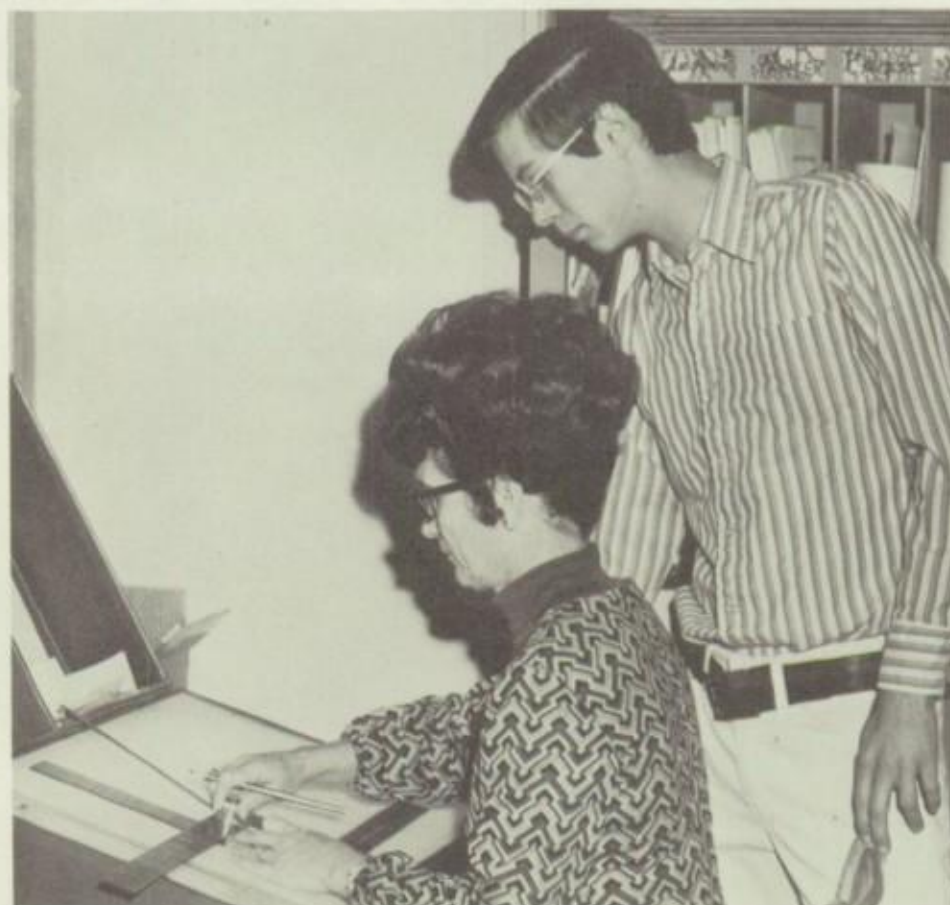

**NEVAMO STAFF** records events of the year. **ABOVE:** Monta Morris, Karen Gordon, Clarisse Fryrear, and Pam Wilson work on mats. **UPPER RIGHT:** Editor Shirley Wilson and Photographer Joe Bradham check negatives. **LOWER RIGHT:** Proofreading falls to LuAnn Johnson, Ass't editor; Mrs. Myrtle Pickens, advisor; and Shirley Wilson, editor.

## Crimson & Gray

# Media Relays News

Crimson & Gray staff was the main media in relaying news to the students of NHS. First, reporters scanned the halls of NHS, sniffing out news. After articles were returned, Editor Peggy Bagley and Advisor Mrs. Marie Butner, proofread them and then the staff prepared them for publication. The complicated job of "laying out" a paper was carried out during a two-hour period at the Nevada Daily Mail. Finally, the paper was distributed monthly to students in grades 7-12. Papers were also mailed to alumni, in as far away places as Alaska, to keep them in touch with their former school. Editor Peggy Bagley stated that "the main job of the Crimson & Gray is to inform the student body of events involving the students at NHS."

**FIRST HAND REPORTING** is vital for a good paper. **ABOVE:** Crimson & Gray staff members proofread. **SEATED (Left to Right)** are Terri Howard, Jeff Dehon, John Morgan, Connie Rasmussen, Chris Weber, and Peggy Bagley. **STANDING:** are

## Honor Society

# Weber Leads Honor Society

Leadership was shown by members of National Honor Society throughout the year. Mrs. Katherine Howard, club sponsor, stressed the value of "encouraging the development of character and scholarship." By participating in special projects such as the tutoring program and adopting a child at Christmas time, students rendered service for both the school and community. Other projects included the book fair, picnic, and installation of new members. The club was also in charge of the coronation of royalty at Anti-Van. A Christmas breakfast was held at Mike Perry's home. Chris Weber, president, helped to encourage members to participate in worthwhile activities. Creating an enthusiasm for scholarship, Honor Society members met many challenging goals.

### Language Clubs

## Language Clubs Stress Cultures

Latin and Spanish clubs encouraged an interest in an appreciation of foreign customs at NHS. Mrs. Donna Harrington, Latin club sponsor, stated that she wanted her students "to be given some understanding of the debt our own culture owes to that of classical antiquity." Some of the club's activities included a Welfare box, Christmas caroling, Saturnalia, and the Latin banquet. Under the guidance of Miss Lucille Van Liew, Spanish club's goal was "to promote interest in the Spanish culture." A Pinata party highlighted the club's activities of the year. Both clubs took part in the Anti-Van.

## Pep Clubs

# Pep Club Goes Co-Ed

Change was evident in every facet of the school—including the Pep clubs. Many policies of the Senior High Pep club were revised and modified. In addition, male members were permitted to join the club, which made it necessary to change the name of the club to 'Tiger Pride.' Under the sponsorship of Mrs. Ruth Vincent, the club carried on its traditional activities such as Slave Day and the chili supper. Officers and varsity cheer leaders also attended a sportsmanship workshop in Neosho. Jr. High Sweater Club held Tag-day Sales and attended Jr. High sports activities. Mrs. Bernice Teel, sponsor, said she was "pleased with the number of active club members this year." Both clubs stressed student involvement to improve spirit.

## FTA FTA Attends District Assembly

"FTA is a nationally organized club sponsored by the NEA which gives students, interested in teaching, an opportunity to study the concepts of teaching," was emphasized to FTA members by Sponsor Mrs. Myrtle Pickens. Club activities during the year included participation in the District Rally held at Springfield in May, observation of the School for the Deaf at Bryan, and the production of a panel discussion over the local radio station KNEM. Teaching Career Month in April provided varied opportunities, which included a teaching experience for FTA members with the teacher of their choice.

## GAA

# Sports Keep GAA's Active

Nevada's GAA's participated in many active sports during 1972-'73, such as swimming, basketball, tumbling, volleyball, and hockey. Mrs. Bobbie Whitson, substitute sponsor of GAA's, felt that "the student, by being a member of an active club like GAA's, rounded out her program of building physical and mental ability and strength." During the Christmas season GAA's caroled at various nursing homes and at the homes of several faculty members.

# FHA Studies Queries of Aging

Goals of the Future Homemakers of America were "to help individuals improve personal, family, and community living." The theme for the Missouri chapters of FHA was "I'm all for older Missourians."

To carry out this theme, Nevada's FHA members studied the problems of aging citizens and visited the Medical Lodge each month. In addition to sending birthday cards to the elderly, they also held a Christmas party for them. Other projects were selling hot chocolate and candied apples at football games, attending the regional FHA meeting, studying careers for women, and holding the Mother-Daughter banquet held in the spring.

## FFA

# FFA Faces New Challenges

FFA, under the direction of Mr. Bill Hires and Mr. J. D. Riddle, participated in many activities which furthered their interests in agricultural achievement. The club attended the FFA camp in July, Leadership training classes at Crowder College, the State Fair in August, and participated in judging contests. They also attended the National FFA Convention in Kansas City during the month of October, the American Royal, and had several campouts. Too, FFA members became involved with projects for the city of Nevada by providing food and clothing for needy families. All members enjoyed the sub-district Barn Warming held in Carl Junction. These projects thus enabled Nevada's FFA chapter to face new challenges throughout 1972-73.

# Fine Arts Clubs Improve Skills

Mr. Michael Woodard, DeBarr club sponsor, stated that the goal of his organization was "to develop skills and interest in areas of art for the benefit of the group and the complete student body." Members visited many localities in their search for talented artisans, including excursions to Silver Dollar City, art galleries, and craft festivals. The organization aided the efforts of the student body in preparing school activities and performed a community service by sponsoring the Second Annual Nevada Spring Art Festival.

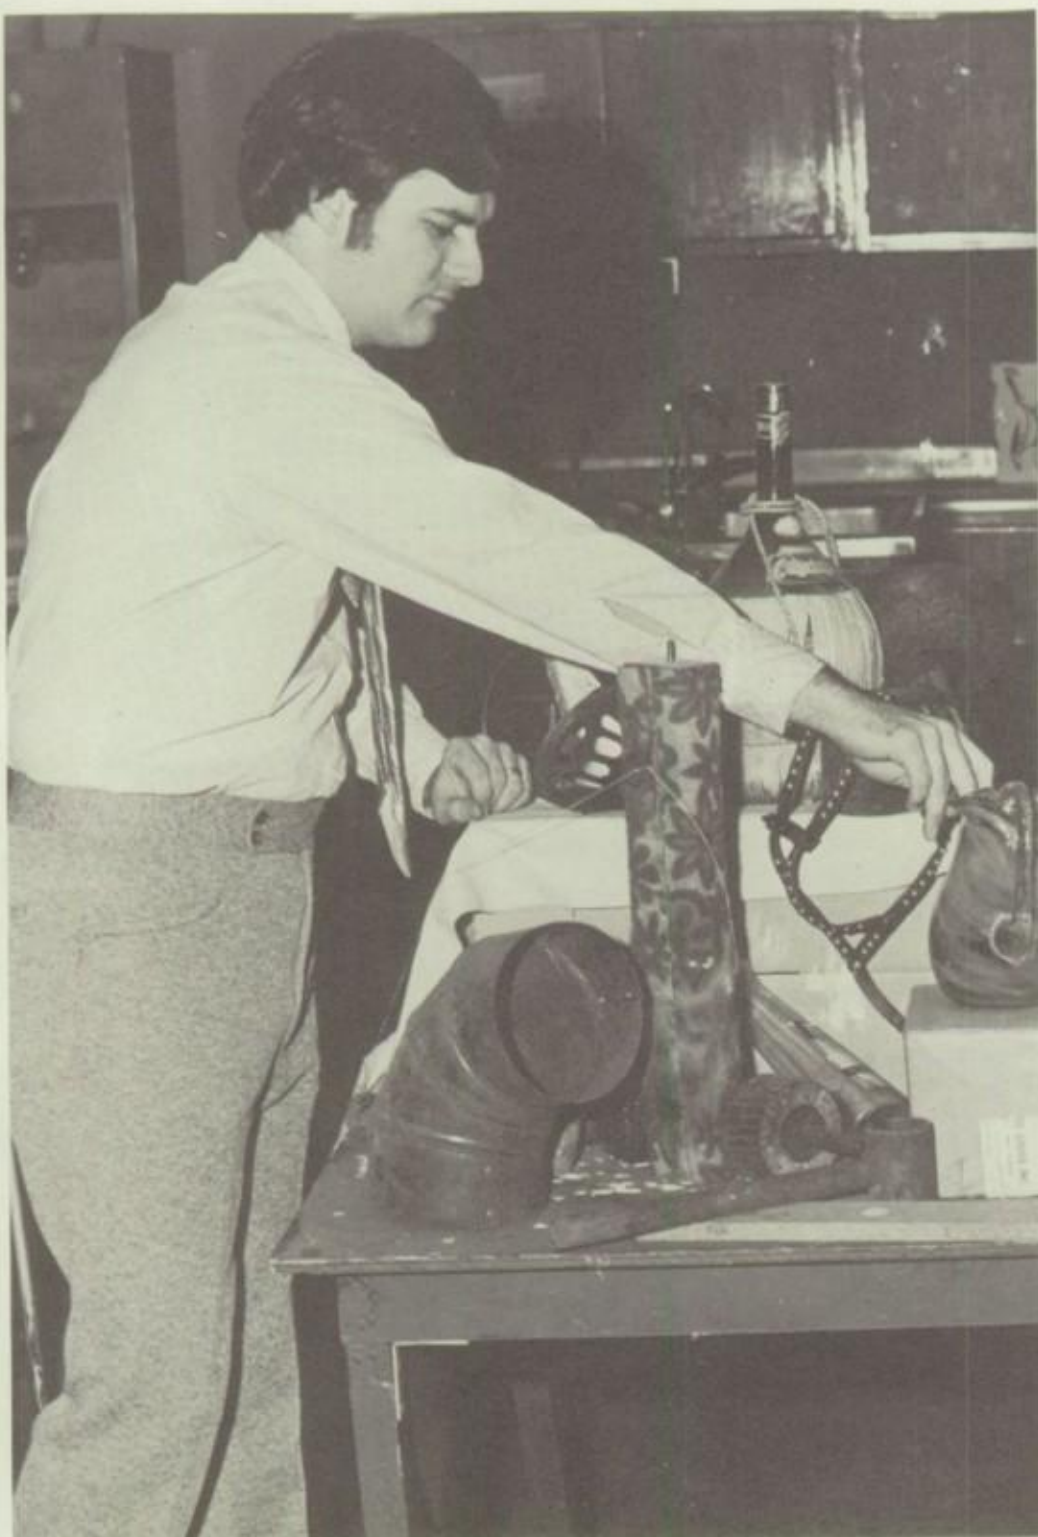

Under the direction of Mr. Ron Seney, Thespians endeavored to augment the level and quality of dramatic productions. Working behind the scenes and with the participants, Thespians helped to make the Anti-Van and school plays more enjoyable for the Student body. The most talented members received recognition for their performances at the annual Thespian banquet held in May at Veith's cafe.

#### Sr. High Band

## Marching 144 Attend Inaugural

Mr. James Shannon led the NHS Marching 144 to greater achievements during the 1972-73 year. Half time performances at home football games and participation in several parades brought five firsts and one second place trophies home. The annual trip to KU was made in October. However, the invitation and performance at the inaugural parade in Jefferson City was the highlight of the year. Pep band, on the other hand, performed at pep assemblies to aid in producing enthusiasm while Stage band performed at home basketball games. Concert band aided the chorus in the annual Christmas and Spring Concerts. In summarizing the year, Mr. Shannon felt "pleased with the whole year, particularly the results of parade competition and the trip to the inaugural. The kids were great and I really enjoyed working with them."

**NHS BAND** strives for top ratings. **BELOW:** Twirlers — Diane Layher (Head), Pam Matlock, Lisa Emery, Mary Jo Ireland, Gayle Dade, and Sandi Bright — add an extra spark to the band. **LOWER RIGHT:** Susan Sunthimer, Lynn Ewing, James Stacy, and Carol Shirley await half time show. **LOWER LEFT:** Adding to the spirit at home basketball games. ## Jr. High Band

# Shannon Teaches Jr. High Basics

"Jr. High band was primarily a training course to hopefully prepare students for Senior High band," stated Mr. James Shannon, director. The course contained more fundamentals so that when students reach their Freshman year, they will be ready for the marching band. With the help of John Morgan and Mark Noble, Eighth grade members were taught the basics of street marching, while the Seventh graders worked on perfecting their musical ability. To occupy the highest chair in their section made most work harder to fulfill their goal and to be assured a place in the NHS Marching 144.

**INDIVIDUAL EFFORTS** make for excellent bands. **LOWER LEFT:** Getting an extra beat in, James Miller adds to the percussion section. **UPPER LEFT:** Ranea Brooks puts in a few minutes of extra practice. **LOWER RIGHT:** Seventh Grade band prepares for the future.

# Chorus Is Important Asset

Chorus, at NHS, was an important asset to many functional happenings. Mixed Chorus, Girls' Glee club, and Jr. High Chorus aided in making the spirit of Thanksgiving, Christmas, and Easter more meaningful through presentations at assemblies. Sr. High Chorus, under the direction of Mrs. Bernice Ball, gained experience by taking part in a contest held at Joplin.

Performances at the State Hospital and area clubs made the school an integral part of the community. In Jr. High "the course was actually a general music course with chorus or singing being primarily emphasized," stated Mrs. Sandra McCuiston, while in Sr. High Mrs. Ball said "a broader view of music and singing is given."

## Business Clubs

# COE Faces Responsibility

Striving to "foster a feeling of civic, social, and moral responsibility to the business world's society," was one of the goals of Nevada's COE club this year. Presidents David Weatherly and Dennis Lathrop, with their sponsor Mr. Orby Whittenberg, strove to achieve this through an Employer-appreciation banquet, an Officer-leadership conference, Radio Day, and a Spring steak fry. The club also donated money to the Senior class and Salvation Army.

Sponsored by Mrs. Pamela Beer, the Commercial club sought to "become more aware of the needs of the business world and how to fulfill them." This was accomplished through tours of various businesses, such as Farm and Home, Crane Company, and the 3M plant. They also had guest speaks from a few downtown businesses to acquaint them with the various facets of big business.

## Sr. High Clubs

# Clubs Relate to Community

NHS clubs helped involve the students in extra-curricular school life. Mr. William Parks stated the Radio club's objectives included "providing community service in emergencies and in worthwhile hobbies for kids and grown-ups." Coaches John Osborne, Phil Henson, and Alan Hoover directed the N club, made up of varsity lettermen, "to unite all athletes into one fraternity."

Members of the Social Science club, led by Mr. Kent Hoyle, participated in Model United Nations meetings in Joplin and Springfield, "to learn governmental procedures." All sponsors encouraged the building of leadership and character.

#### Sr. High Clubs

## Participation— Goal of NHS

Club programs enriched NHS' curricular program. In the Senior High Science club, Mr. Terence Kurz and members helped to organize Nevada's Third Annual Science Fair. Projects were entered in math, physical science, and life science. Mrs. Mary Fisk, sponsor of the Library club, "encouraged students to become more familiar with the library materials." Field trips to Cottey and Truman libraries, a tour of the K. C. Museum, and the Nelson Art Gallery added interest. The Biology club, led by Mr. Marvin Knoblauch, "acquired biological knowledge through extracurricular activities such as collecting papers for recycling," which proved to be beneficial to both the school and community.

## Jr. High Clubs

# Clubs Challenge Jr. High Students

Organizations complemented the curricular activities of Junior High students. Mrs. Lucille Pettibon stated that the goal of the Language Arts club was "the enrichment of the regular classes." The organization provided informative bulletin boards and helped with the production of the Anti-Van. Mr. Levon Haller led the Junior High Science club in the quest for scientific advancement by visiting the Pittsburg planetarium at KSC and participating in the Third Annual Nevada Science Fair. Mr. Ron Wynn provided an introduction to mechanical education by encouraging participation in the Industrial Arts club. Selected Eighth Grade chorus students, under the direction of Mrs. Sandra McCuistion, provided musical entertainment for local elementary schools. These organizations, then, helped to provide Junior High students with a more challenging and meaningful education.

# 'Child Of Change'

"Search enables me to find truth and beauty in a world of change which many label as hopeless."

—Anonymous

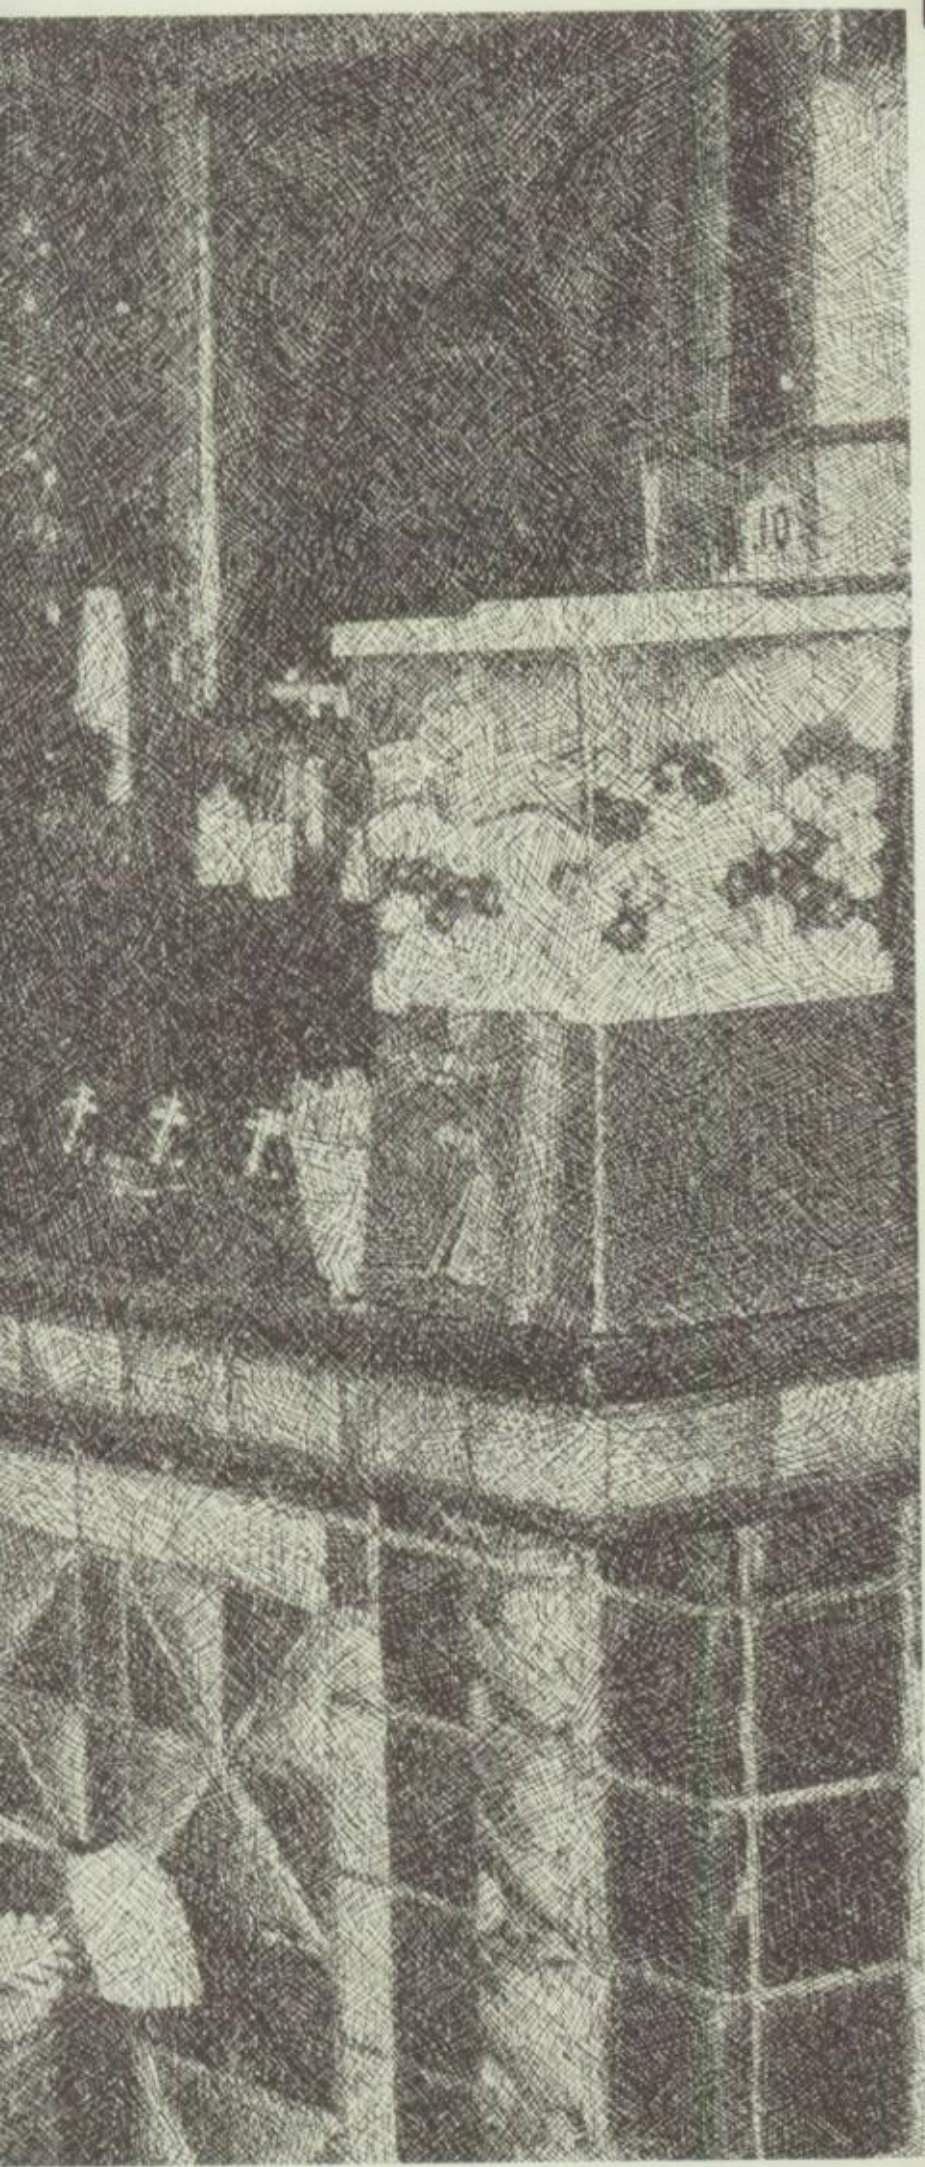

Today's youth seek individualism;  
we do not dress alike, talk alike,  
play, or study alike.

Sneakers, smocks, flag hats, jean-  
clad legs — all lend to the  
credibility of today's youth.  
Interests are widening—concerns  
are real.

The Child of Change has arrived.  
He has witnessed our presence.  
We face a changing world and  
explore the challenge of life.  
Each continues to search  
one step at a time.

# Pat and Ronda Reign Over the 27th Anti-Van

Halloween was once again observed at the 27th annual Anti-Van. Royal candidates, chosen by the student body, were introduced and presented on stage as the lights dimmed. Then, magicians Mike Emery and Nancy Norris prepared to perform another phenomenal feat. With the wave of a magic wand, 8th graders Bob Carmichael and Mary Pat Woodfill stepped forth to become

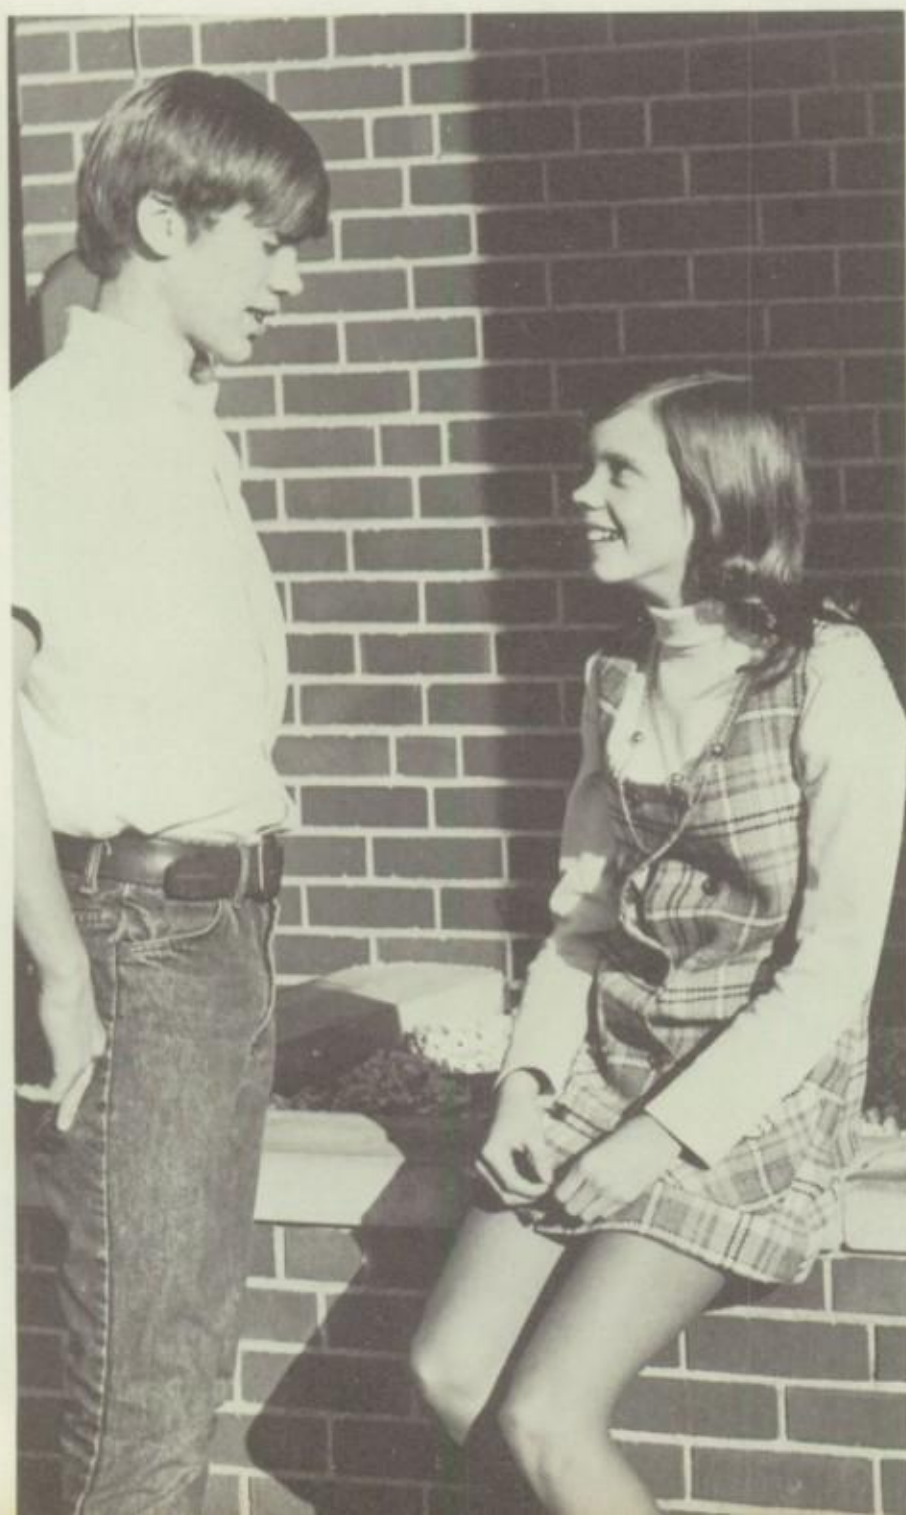

Prince and Princess. Using magic once more, Mike and Nancy caused the doors of caskets, located on either side of the stage, to open as Mistress of Ceremonies Cheryl Lewis announced, "Seniors Pat Renwick and Ronda Curry have been chosen King and Queen for 1972." Crowned by Student Body President, Mike Perry, the King and Queen reigned over the evening's festivities.

Anti-Van

## "Cabaret"— Anti-Van Theme

"Cabaret," the theme of the 1972 Anti-Van Follies, provided a diversity of entertainment for both faculty and students at NHS on October 31. Under the direction of Mr. Ron Seney, a small cast presented singing acts, solos, dances, and magic acts. Chris Weber added to the program by interrupting the acts periodically to tell corny jokes. "The build-up" said Mr. Ron Seney, "of enthusiasm and the united efforts of students and faculty culminated in a show that captivated the audience."

# Pizza Walk Adds Interest

Following the Anti-Van coronation, students visited game rooms, viewed macabre movies, danced to the music of "Backwood Memory," and had refreshments provided by PTA and the Homeroom mothers in the cafeteria. Innovated this year were a Pizza walk and a Piñata walk sponsored by the Foreign Language department. Faculty felt that "by keeping students involved, the night's program once again successfully carried out its name, 'Anti-Vandalism.'"

## Mayor-for-a-Day

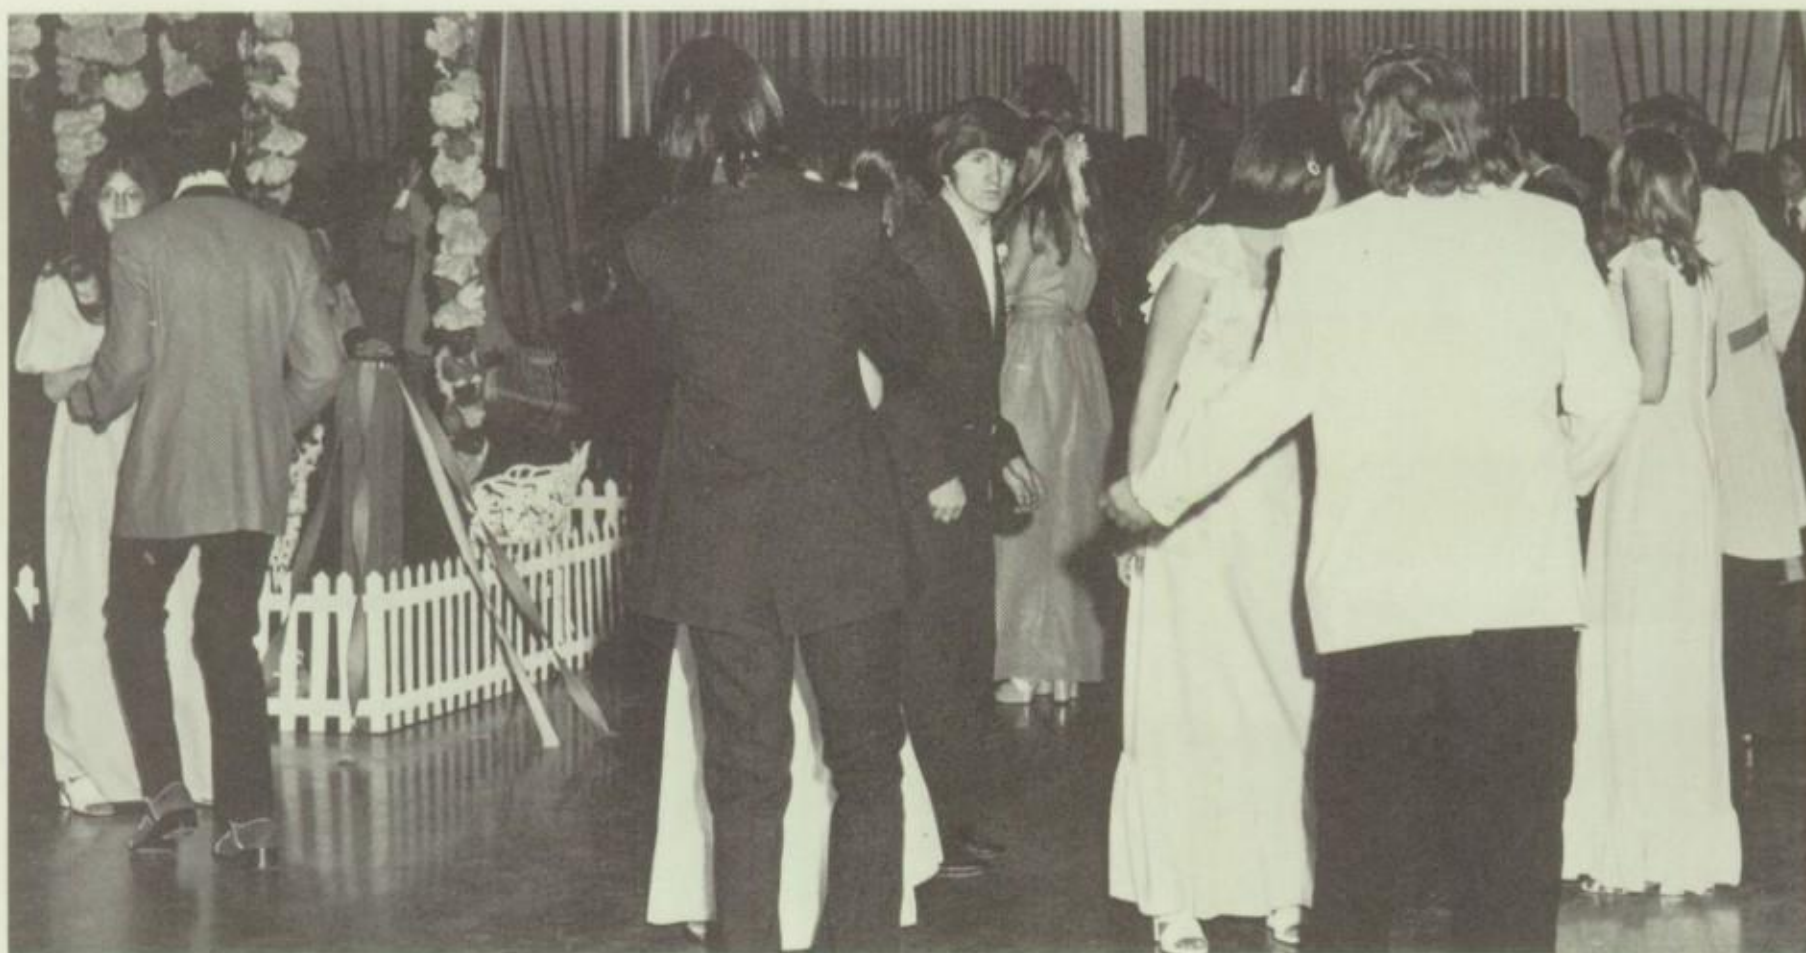

# Marc Leads City for a Day

On March 6, the Mayor-for-a-Day project began at NHS with the filing of students desiring to participate in the 17th annual program. As the result of an election on March 13, the Mayor, (Marc Edwards) Mayor pro-tem, (Chuck Lewis) City Manager, (Chris Weber) and City Council Members were chosen to manage Nevada on March 20. At the afternoon council meeting, led by Mayor Edwards, students expressed views on such important factors as the city-dump and land-fill, a prospective community center, water quality, and territorial zoning. Miss Patricia Rooney, sponsor of the program, was quite eager about its success, and also stated that "Mr. Lloyd Harrell, the City Manager, is quite enthusiastic and this is very encouraging."

## Prom

# 'Colour My World' —'73 Theme

Moments the upperclassmen had "waited to share" became a reality on the eve of May 11. "Colour My World," the theme of the 1973 Prom, began with the banquet, where students enjoyed a delightful feast and were then entertained with after-dinner humor entitled "My World," by Mr. Bill Wynn, Jr. Providing special enjoyment for the evening, Junior class members gave a variety of musical performances. "As time went on," couples found their way to the gym, amidst rainbows, coloring books, picket fences, and balloons, to dance to the music of ZAP. A wishing well, filled with punch, furnished refreshments for the dancers. To culminate the excitement, Juniors returned at dawn for breakfast and clean-up, but were then left to "dream of their moments together."

**AFTER-PARTIES** provided recreation for Juniors and Seniors. **ABOVE:** Couples at the lake danced to the music of "ZAP". **UPPER RIGHT:** Steve Canfield enjoyed bowling at the after-parties. **LOWER RIGHT:** Forming a long train seemed to be fun for the Juniors and Seniors who skated.

## After parties

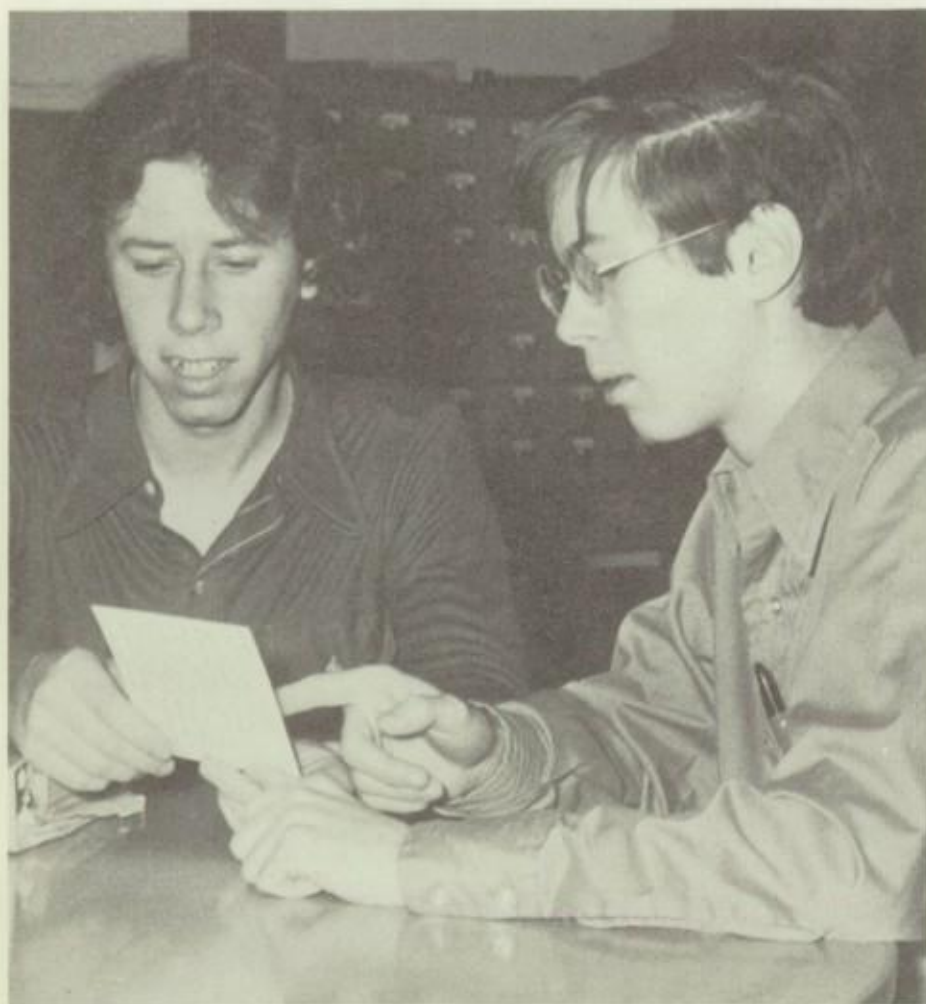

# Prom Parties Last Until Dawn

Entertainment, under the leadership of Mrs. L. L. Wolf and Mrs. Don Broome, once again climaxed the Junior-Senior Prom at NHS. Events that started at 12:30 p.m., which included bowling, skating, and dancing, ended at 5:00 a.m. at the high school, where breakfast was served. All events were chaperoned by parents and were financially supported by the Junior class. Special help for both the Prom events and After-Prom entertainment was given by class sponsor, Mrs. Martha Armstrong. Roger Kennedy, class president, spoke for his classmates when he said, "It's been lots of hard work, but it's been the best Prom ever."

AFS

## Rudi Explores Unique Culture

Foreign exchange student, Rudi Santos, became acquainted with the changing times as he traveled from Caxias do Sul, Brazil, to his American home with the Loren Stone family. In order to "give the people the best knowledge about his country," Rudi familiarized organizations, such as FTA, Social Science Club, Lion's Club, and the Rotary Club, with South American customs. Through his classes, intercultural affairs, mechanical drawing, bookkeeping, English II, American history, speech, and study hall, he became a well adjusted and accepted student at NHS. Rudi quickly adapted to American culture, accepting standard customs, such as eating hamburgers, dating, watching TV, and playing football. Rudi, then, not only profited from our ideals but left behind a part of his Brazilian customs.

**RUDI** adopts many American traditions. **ABOVE:** Rudi and his AFS family, Perry, Mrs. Lucille Stone, Mr. Loren Stone, and

## Awards

# NHS Students Receive Honors

Outstanding talent, scholarship, and leadership in various fields were acknowledged at NHS. Musical honors were given to Gordon O'Quinn and Pam Gordon, who won the top band and vocalist awards. In the domestic aspect of achievement, Tami Wilkinson secured the title Betty Crocker Homemaker, and Tom Wait was named State Farmer. According to Mr. Riddle, "The state farmer award goes to only two percent of Missouri's FFA members." Sophomore Probationary members of National Honor Society were chosen because of their superior scholarship, leadership, character, and service. Outstanding athletes in their field, Mark Gordon, and Bruce Preston were named at the annual Sports-caster's banquet, and from the Junior class, delegates to Girl's State and Boy's State were chosen to learn the function of government.

## Awards

# Talented Students Receive Recognition

Dedicated students were given awards commending their achievements. Sophomore Pilgrim, Kent Abele, went to Jeff City, and with Rudi Santos, foreign exchange student, observed state government in operation. Dramatics awards for accomplishments in entertainment and art show awards acknowledged the fine arts. The

Curator's Scholarship was given to Bill Christians, and Springfield Regional Scholarship winners were Carol Shirley and Bruce Preston. Stan Farley won the grand prize at the annual Science Fair, and the DAR award was bestowed upon Peggy Bagley and Mike Perry. These honors "encouraged students to excel in a diversified field of goals."

# Athletes Face Competition

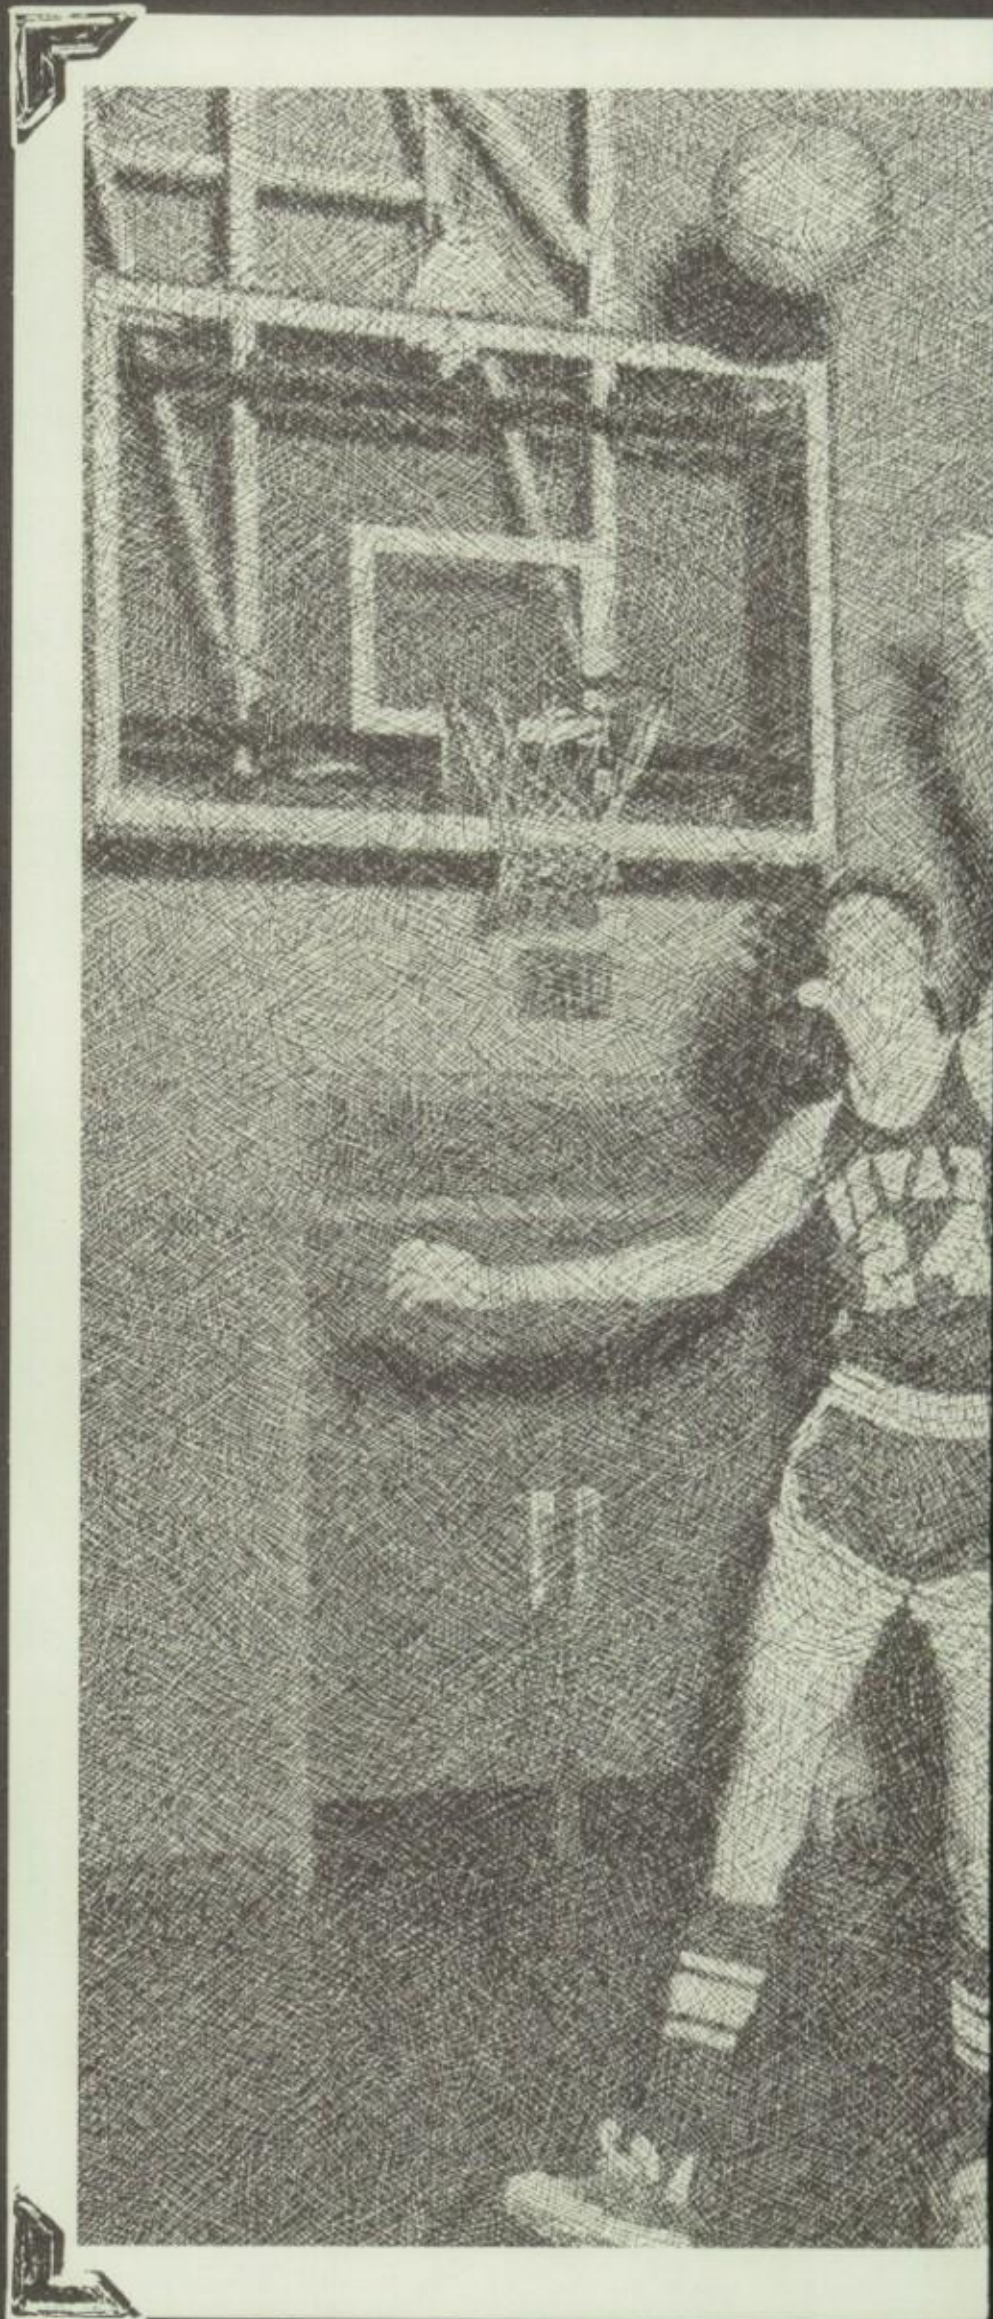

"Yesterday is not ours to recover, but tomorrow is ours to win or to lose."

Enduring at our moments of defeats  
... exalting with each triumph ...  
athletes, flushing with youth,  
become crystallized in time.

Each single, intense, and  
theatrical instant is shared by  
competitor and spectator alike.

Rules change ... Pressures and

# Varsity Wins Recognition

Nevada's Varsity cheerleaders were named Grand Champions at the summer clinic at the University of Arkansas in Fayetteville. The B-Team and Junior High cheerleaders also gained from the experience, and all felt that the new ideas gained "helped to improve the 1972-73 athletic year." Spirit Week, prior to Homecoming, helped to increase student involvement in Pep assemblies. Ronda Curry, head cheerleader, planned skits that would further increase student enthusiasm. Cheerleaders agreed that "student spirit is not the effort of a single person, but it is the combined efforts of the student body." Cheerleaders, then, worked to boost the spirit needed to make the Nevada Tigers the best in the Big-Ten Conference.

## Homecoming—Silver Tiger

# Friday 13th Proves Lucky for Nevada Tigers

Friday the 13th, 1972 was a legendary, magical, and mystical night—a memorable one for NHS.

The Homecoming game, also doubling as the annual Silver-Tiger game, proved to be an unlucky contest for the Lamar Tigers, who were brought down by a spirited Nevada team with a score of 28 to 0.

Spirit Week, a new innovation at NHS, was climaxed on Thursday night with a pep rally and bonfire.

Preceding the game Friday night, Monta Morris, 1972

Homecoming Queen, was crowned

by escort

Doug Krtek, and reigned over the game with attendants

Susan Carmichael, Ronda Curry, and Kay Hirschman, in the tradition of true royalty.

Afterwards,

"Jack Gravy" provided music for the dance

in the gym, where students and alumni relaxed and reminisced.

Friday the 13th turned out to be a lucky night

after all—the crowning of a queen, a tense,

exciting game, and the

maintaining of Oscar, the Silver Tiger, for the 5th consecutive year.

# Seniors Add Strength

Dominated by mostly Senior members, the 1972 Tigers had the Senior leadership needed to have a winning season. After having a 4-6 record in 1971, the Tigers started out to prove to themselves and to the fans that they were capable of having a winning season. Opening the season with big wins over their non-conference foe Harrisonville 34-0 and their conference enemy Carl Junction 34-0, the fighting Tigers had a faint hope of becoming conference champs. This hope was short-lived as the Tigers fell victim to a powerful Monett club 21-42. At this point in the season, the Tigers suffered several injuries and as a result fell to defeat in the next two outings against Aurora 24-35 and Mt. Vernon 7-12. By winning the Homecoming-Silver Tiger game, the Tigers became an inspired team, enabling them to get back on the winning track by defeating the Lamar Tigers 28-0. The Tigers then went on to demolish the Webb City Cardinals 38-16, but lost a heartbreaker the following week to Neosho 34-36. With only two games left, the Tigers became a determined team, showing this by making a great comeback in the most thrilling game of the season by defeating Cassville 20-14. They then went on to totally outman a tough Carthage squad 30-6, thus securing a 6-4 record and fifth place in the Big-10 Conference.

On the whole, the season was summed up by head-coach John Osborne: "We are very proud of our Seniors who have shown considerable leadership during the year. In fact they have demonstrated more leadership than any other Senior group I have coached."

## Ten Tigers Are Recognized

On the morning of August 15, 1972, Nevada Tigers started the dreaded two-a-day practices. For the Seniors it was the beginning of the end; for underclassmen it was the beginning of another year. The season ended with ten players receiving special recognition in the Big-10. Mark Gordon, Phil Gragg, Gary Hancock, and Doug Krtek were selected First team All-Conference. Kyle Maring, John Myrick, Bill Cameron, Ken Highley, Mike Keithly, and Jim Fryrear received honorable mention All-Conference. On offense with Fryrear leading the pack, and with Cameron, Hancock, and Gragg blocking, Mark Gordon amassed over 1600 total yards. The defensive squad was led by Krtek, Maring, and Myrick. Even though the Tigers did not fare as well as predicted, these players provided the enthusiasm and experience needed for a strong team.

## Freshmen

# Frosh Go Undefeated

Coaches Larry Testman and Alan Hoover harnessed the Freshmen's enthusiasm and athletic ability, turning it into practical skill and knowledge. The season record of 4-0-0 brought Conference recognition and honor to Nevada High School. With a powerful offense and a burning desire to win, the Freshmen won the Tri-County Title. They accomplished this goal with an undefeated season. The Frosh were victorious over Neosho 38-0, Butler 38-0, Webb City 36-16, and Seneca 32-22. From the cooperation and spirit found among team members, the coaches felt that "Nevada Freshmen will add strength to the future football program."

# Spirited Teams Show Potential

Natural team effort was evident in both 7th and 8th grade squads at NHS. Seventh graders set a record of 1-2-1. They tied Seneca 8-8, defeated Carl Junction 14-0, but lost to Carthage 0-22 and Webb City 0-6. Coach Phil Henson stated that the "future potential is great." Eighth graders were named Co-champions of the Tri-County Conference. Under Coach Jack Netherton's leadership the team had victories over Neosho 14-6, Carl Junction 24-0, Webb City 22-8, and Carthage 12-0. Their only defeat was against Seneca 14-8. Coach Jack Netherton stressed that these Tigers "are ready to advance into tougher action."

## Homecoming

# Mary Jo Reigns At Homecoming

Moments of anticipation preceded the 1973 Basketball Homecoming. Between the varsity and B games, an aura of excitement and enthusiasm among the crowd was evident when Mary Jo Ireland, junior, was crowned queen by Blaine Shelton and given the traditional victory kiss. Eight candidates were chosen by Tiger Pride and the basketball team. The student body then voted to determine the queen and her attendants. Mary Jo and her attendants, Susan Carmichael, Carol Esther, and Cindy McKinley added a regal touch to Homecoming by reigning over the night's activities. Though spirits were high, the Tigers suffered defeat at the hands of the Webb City Cardinals, 48 to 64. After the game, alumni and NHS students danced to the music of "Overflow" from Columbia, Mo.

## NHS—2nd In Regional

With five returning lettermen, the NHS Tigers set out to prove that they could overcome the 6-16 record established in 1972. Experience correlated with a burning desire to win resulted in devastating power, making it possible for the fighting Tigers to trounce the majority of their opponents, even though the Tigers were defeated by Webb City Cardinals in the pre-season Carthage tournament. The Tigers then entered regular season play with marginal victories over Butler, Carl Junction, and Monett. In their first conference loss, however, the streak was broken at the hands of the Mt. Vernon Mountaineers. But the Tigers came back from the Christmas holiday with fire in their eyes to overcome El Dorado, Aurora, Raymore-Peculiar, and Seneca. NHS then lost to a tough Lamar team and to Webb City on Homecoming night but came out of this temporary slump to defeat Neosho and Cassville. The Tigers ended regular season play with losses to Clinton and Carthage, thus securing a 5-4 conference record, third place in the Big-10, and an overall record of 14 wins and 9 losses. In the Class M Regional Tournament, held at Butler, the squad was the first Nevada team to advance to the finals. They defeated Harrisonville and Clinton but fell victim to a strong K.C. Hogan club. Coach Alan Hoover best summed up the season when he said, "I think that a coach could ask for no more from any group of kids than I have gotten from this year's team."

## Lettermen

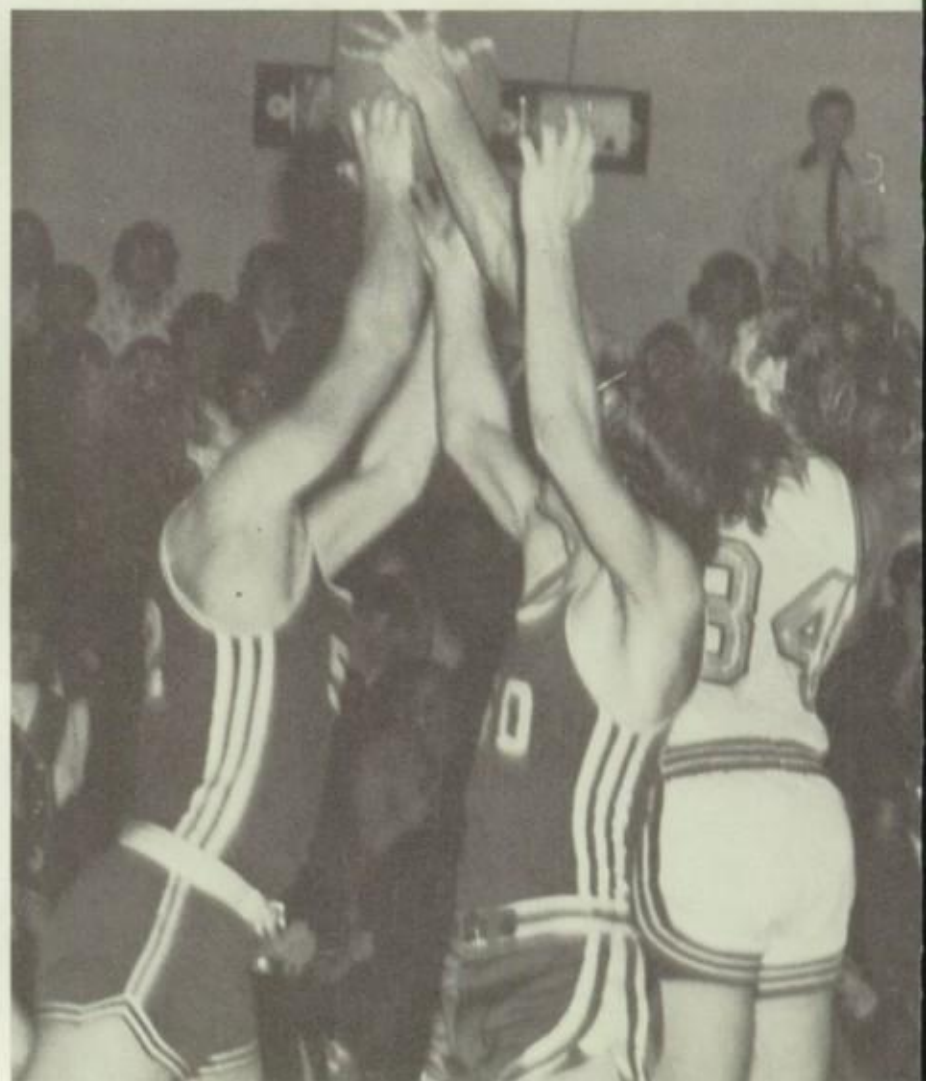

# 5 Seniors Form Nucleus

Composed of a nucleus of five Seniors and one Junior, the Tigers had the experience needed to comprise a winning season of 14 wins and 9 losses. Team strength relied heavily on Senior leadership which was evident throughout the season. Leading scorers were Seniors Mark Gordon with a 17 point average and Steve Gollhofer with a 13.5 average. Leading rebounders were Seniors Mark Gordon with an average of 9 rebounds per game, followed closely by Marc Edwards with an average of 8. Rounding out the rest of the squad were Seniors Phil Gragg, Blaine Shelton, and Junior Jim Fryrear. These six lettermen compiled the team which was to be the last squad molded by Coach Alan Hoover, who resigned from this position. Following the final game of the season, Coach Alan Hoover praised the lettermen by saying, "They were just good kids trying to do their best."

## Seasonal Record —13 Wins-5 Losses

In 1972-73 Nevada's B-team Tigers compiled a seasonal record of 13 wins and 5 losses. Coach Jack Netherton stated that "even though the Tigers had an excellent record, they didn't live up to my expectations in the B-team tournament." This year's squad had a marginal win over many of their opponents, by gaining momentum in the El Dorado, Aurora, and Raymore-Peculiar games, but this same tenacity did not continue. Too, the Tigers started out hot in the B-team tournament, held in Lamar, by again overcoming their former opponent Carl Junction 71-52, but fell victim to Cassville and Monett. This losing streak carried over into encounters with Neosho and Cassville. But, the team rallied to close the season with victories over Clinton 59-53 and Carthage 63-47, showing that they have the Tiger spirit that can make them champs.

## Freshmen

# Frosh—Second in Conference Tourney

Tri-County schools became aware of the spirited Nevada Freshmen Tigers during the 1972-73 school year, even though they opened the season with four discouraging defeats against Webb City 42-54, Carthage 32-56, Fort Scott 47-57, and Lamar 50-55. Spirits soared though, when the Tigers battled their way to victory with Carl Junction 58-41 and with first-place Webb City 54-53. They then trounced Neosho 48-43 and Seneca 72-38 before they met defeat again at the hands of Carthage 47-49. Coming out of this temporary slump, the Tigers ended the season with victories over Carl Junction 51-44 and Seneca 56-46. To highlight the season, the team captured second in the Tri-County Conference as well as second in the Tri-County Tournament. Coach Jim Snyder felt that "on the whole, the season proved to be a most successful one."

## 8th Grade

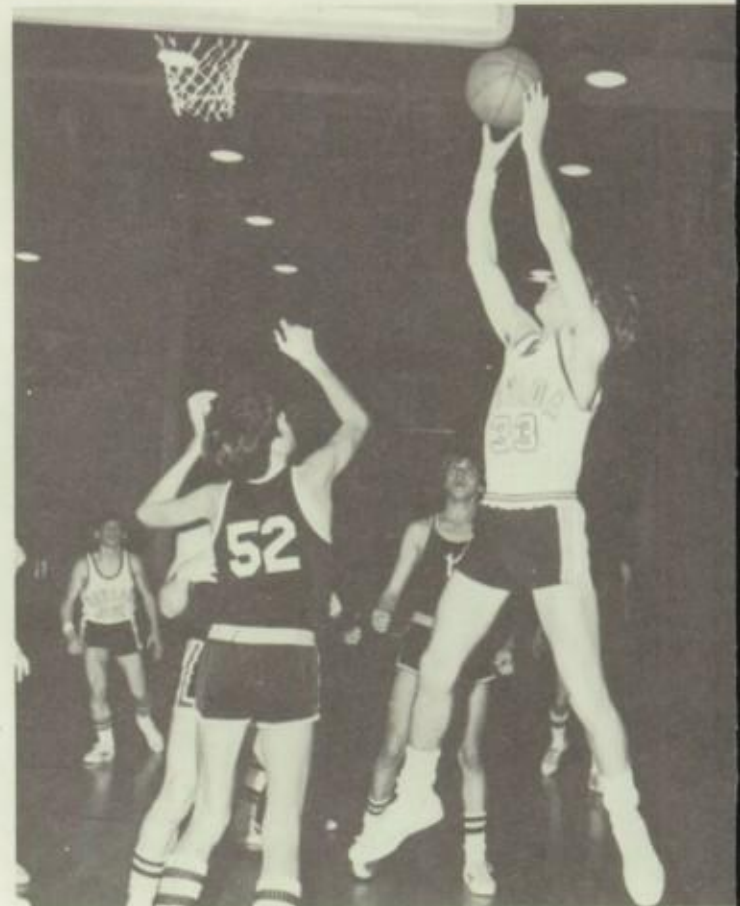

# Peterson Looks to Future

Coach John Peterson's basketball team pulled through an average season with the needed experience necessary for next year's squad. In addition to a 6 win and 6 loss record, the 8th grade captured 3rd place in the Tri-County Tournament with a victory over Carthage 40-34.

The Tigers also placed 3rd in the Tri-County Conference. The Tiger's season began with a 27-37 loss to Webb City; but bounced back against Carthage 47-24. In the tournament, a loss to Neosho 29-32 was followed by a win over Carthage 40-34. As the season progressed, the 8th graders defeated Seneca 40-38 but lost to Neosho 39-49. After wins over Carl Junction 36-29 and Webb City 31-28, the Tigers fell to Neosho 31-43, Carthage 24-32, and Carl Junction 28-36. They closed out their season with a 38-37 win over Seneca. Another season of rivalry closed for these young Tigers and all felt that "they are ready to meet the challenges of the future."

**EIGHTH GRADE BASKETBALL** squad consists of: **FRONT ROW:** Curt Overton, Mark Testman, Charles Rutledge, Tom Remarcke, Kenny Cushard, and Clayton Edwards. **ROW TWO:** Coach John Peterson, Mike Reece, David Thomas, Jerry Wait, Larry Chrisenberry, Bob Carmichael, Larry Hillier, and Gary Hemphill. **ROW THREE:** Tim Taylor (manager), Bob Lawson, Kevin Williams, Bob Breckenridge, Bill Jones, Mike Huppe, Bob Wilson, and Jay Rasmussen.

### 7th Grade

## Tigers Place First

NHS' 7th grade team proved that skill, coordinated team work, and enthusiasm are ingredients that make for a strong team. Under the coaching of Larry Testman, the team posted a 7-1 record as the young Tigers could not be stopped by their opponents. Making a vicious attack, the Tigers smothered Bronaugh 51-23. Nevada kept their winning streak going by defeating Lamar 47-26, Bronaugh 42-13, and Metz 38-36. Their first and only defeat came from their encounter with Fort Scott 26-36. But the Tigers finished the season on a winning note by defeating Lamar 46-31, El Dorado 42-18, and Stockton 38-24. Their ultimate goal was achieved when they placed first in the 7th grade tournament. Coach Testman proudly stated that "this team has the potential of being a Big-10 Conference contender."

# Tigers Take 4th

Lack of depth and experience hurt the '73 Nevada Tiger Thinclads. Thus, Coach Phil Henson faced the job of rebuilding Nevada into a strong conference contender. Starting the season with victories over Butler, East Newton, and Lamar, the Tigers extended their string of consecutive dual meet victories to 41. They then fell victim to Harrisonville in a triangular meet with Holden. During the Invitational, the Thinclads fell victim again to Harrisonville by the score of 66½ to 67½. Stiffer competition was met in the Warrensburg Relays, where the Tigers managed to get 10th place and in Miami Relays where they came out 7th. The Tracksters turned in their best performance during the Redbird Relays, placing 3rd out of a 12-team field. A new school record was set by Bruce Preston in the long jump when he went 21 ft. 3½ in. The squad then had a week of rainy weather to prepare for the conference meet at Carthage. Upon arriving at Carthage, Nevada found a wet and soggy track awaiting them. Thus, all times were relatively slow compared to earlier ones. At the conclusion of the meet, Nevada had finished a strong 4th behind Mt. Vernon, Neosho, and Monett. Coach Henson said of Nevada's seasonal showing, "This 4th place finish represented a fine team effort by the Nevada squad. I felt we scored just about all the points we were capable of scoring."

# Twenty-five Tigers Letter

Forming the nucleus of the successful track squad of NHS was a group of dedicated and inspirational performers. This year's lettermen consisted of 8 Seniors, 6 Juniors, 6 Sophomores, and 5 Freshmen. Through the many hours of hard work and sweat, these individuals inspired the Tigers of NHS to take 4th in the Big-10 Conference. As a result, these members received the official "N" for their performances. In regard to the letter, Coach Henson said, "It is the highest award that any individual track member may receive."

# Jr. High Sets New Records

Nevada's Junior High tracksters continued to dominate their competition in the 1973 season. As the tradition of track at NHS continued, new records were set in the discus, shot put, hurdles, and 440 yard relay.

Due to bad weather this season, the Ninth grade was able to compete in only two meets. They placed second in Monett and second in the Tri-County Conference. Even though the Ninth grade had only two meets, they gave valuable assistance to the varsity track squad.

Seven victories and a 3rd place finish in the Ft. Scott Relays were the major achievements for the Eighth grade thinclads. Nevada also placed first in the Tri-County Conference. Numerous records were set by the Eighth grade during the season. Bill Jones set records in the discus by throwing 136 ft. 7 in., and he also put the shot a distance of 48 ft. 6 in. Gary Hemphill shattered the old low-hurdle record with a time of 14.5.

Seventh graders recorded a 5-1 record for 1973. The highlight for the 7th grade was taking a second in the Ft. Scott Relays. Ron Pyle broke the 440 yard dash with a time of 63 seconds. The 440 yard relay team broke the record with a time of 53.3.

Junior High coaches Larry Testman and Jack Netherton, with Ninth grade coach Alan Hoover, praised the achievement of their squads. As one coach looked to the future, he said, "These teams should go on to greater victories in Senior high track."

## Tennis

# Netters Take Big Ten

Both boys and girls on Nevada's tennis team combined their abilities to give Nevada conference honors, thus making the Netters Big Ten Tennis Champs for two consecutive years.

Increased competition, which included Monett, Carthage, Neosho, Cottey, Pittsburg, Joplin Parkwood, and Joplin Memorial, made it necessary for team members to put forth

a greater effort. Under the instruction of Coach Kent Hoyle,

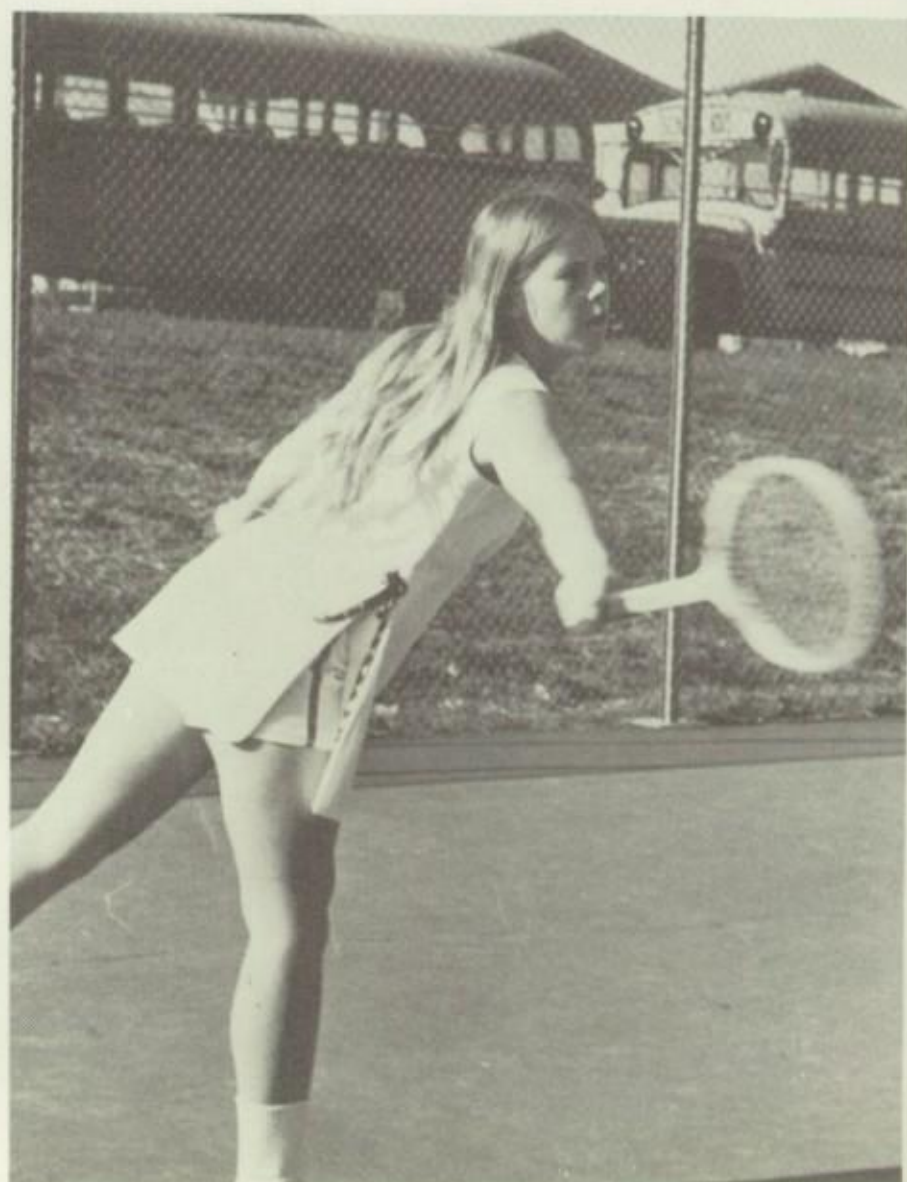

boys ended the season with an excellent record of 7-2, and girls finished with a winning record of 4-3-2. Commenting on the season,

Coach Hoyle described the Netters as "a well balanced team. We had depth this year on the boys' team,

but in future years, we'll need to develop depth on the girls' team."

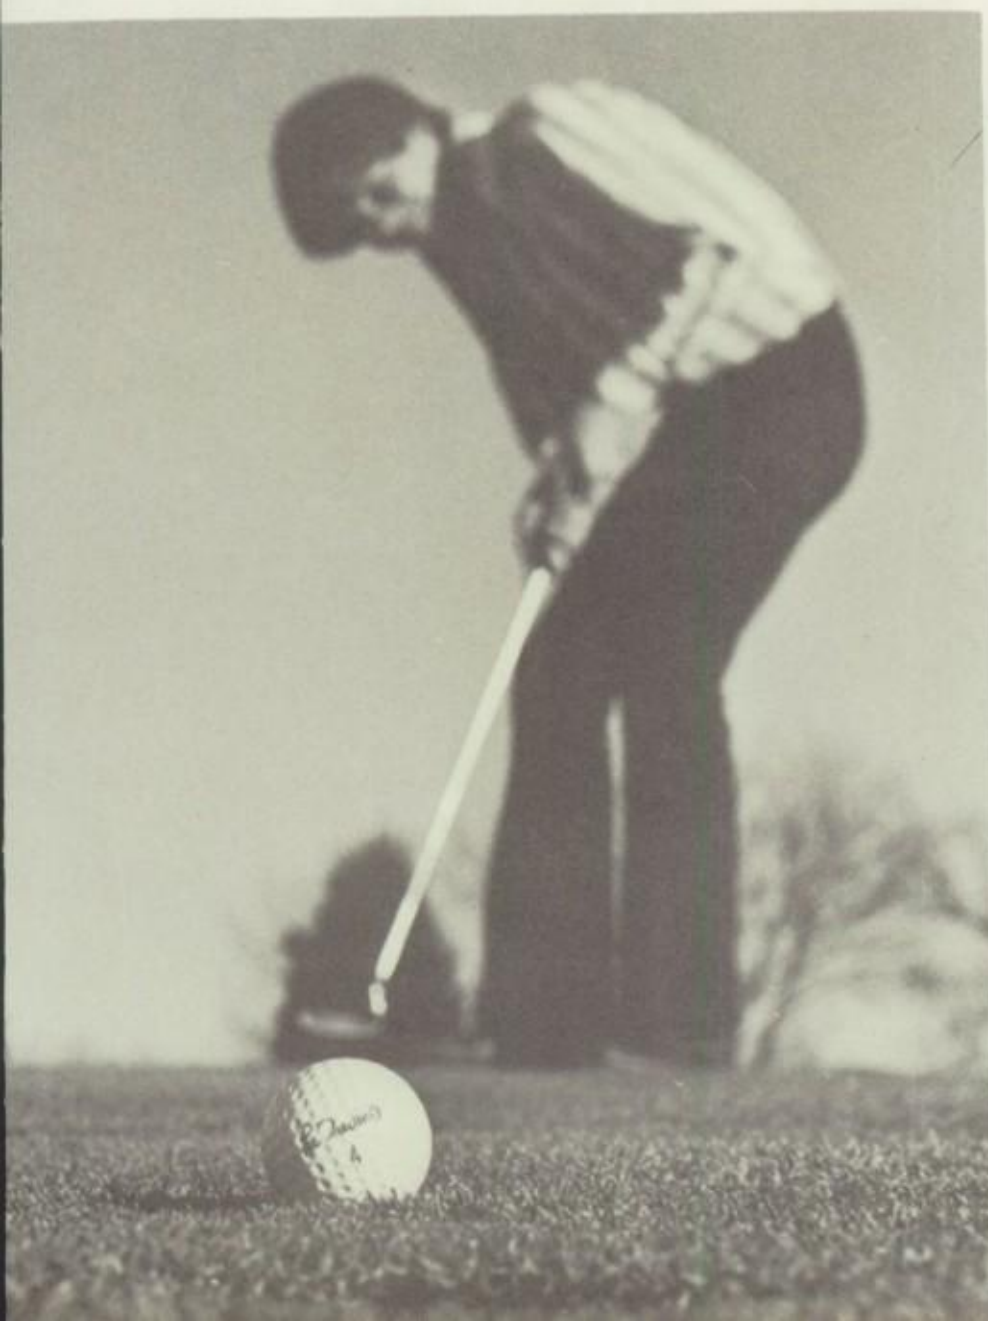

**TENNIS** requires practice, skill, and coordination. **ABOVE:** Under the coaching of Mr. Kent Hoyle, Nevada's Netters, comprised of both boys and girls, became a winning team. **UPPER RIGHT:** Smashing an overhead makes an easy point for the doubles team of Jim Graham and Jim Smith. **LOWER RIGHT:** Marye Perkins returns a difficult backhand shot.

## Golf

# Golfers Swing Through Season

After seven weeks of practice, Coach Jim Snyder's golf squad opened its 1973 season on March 26 against Carl Junction and Webb City. During the season, five golfers were sent to Conference held in Carl Junction where they placed 9th. NHS golfers wrapped up the season with a 5-8 dual meet record. Then, on May 8th, four members of the squad, Jeff Dehon, Tom Hirschman, Dick Wachtel, and Bill Hamblin represented NHS at the district meet in Springfield and took 7th out of 17 teams. Reflecting on the season, Coach Snyder stated that he was "pleased with the squad's progress and anticipated working with next year's squad."

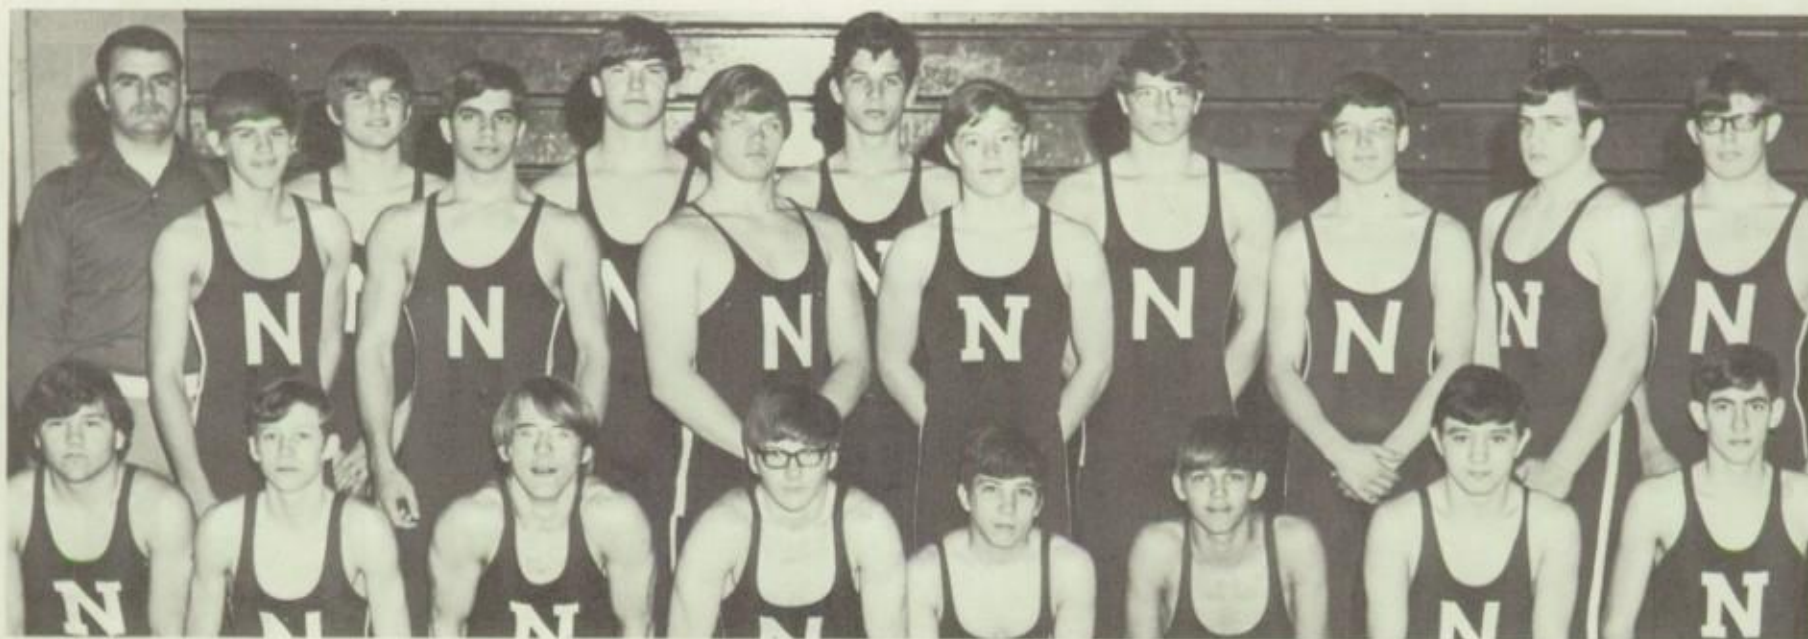

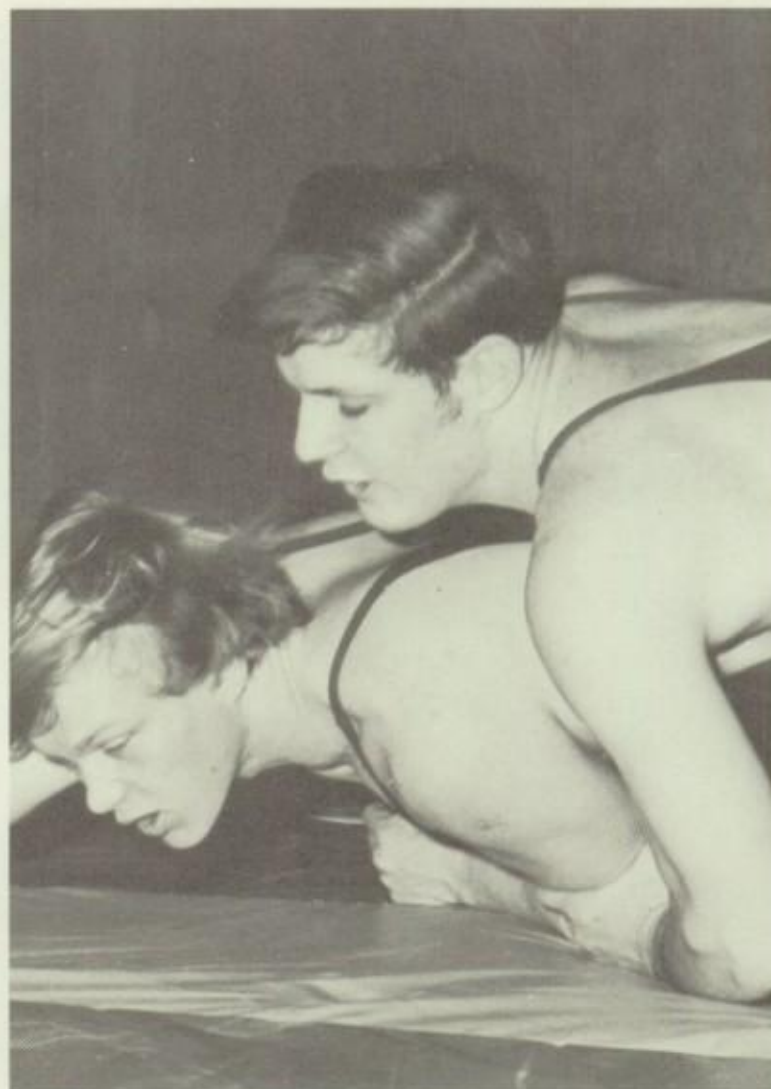

## Wrestling

# Will Takes First at State

Wilmer Roll, Missouri State Champion in the 167-pound class for 1972-73, emphasized that the important points of wrestling included: "Dedication, mental preparation, physical strength, wrestling skill, and faith in the coach's instruction."

Because the wrestlers believed in the ideas, Nevada, in just her third year of wrestling, finished the season with a 6-5-1 record for dual meets in 1972-73. Three wrestlers from the squad, Brad Broome, 185-pound class; Mitch Roll, 126-pound class; Will Roll, 167-pound class, qualified for district. Brad finished third, but was eliminated. Mitch and Will continued to state matches, where Mitch took 4th in his class and Will took 1st. Coach John Osborne was "very happy that the individuals and squad performed well and that only three wrestlers from the squad were graduating."

### Cross-country

## Satisfaction—Key To NHS Harriers

Cross-country runners, under the guidance of Coach Jim Snyder, participated in seven triangular and invitational meets during the autumn season, including two at home. Returning Senior letterman Bob Graham sparked the team's effort to conquer the grueling two-mile cross-country course. A five-man squad of Nevada Harriers was sent to a cold and rainy district meet held in Neosho during November, resulting in a disappointing 9th place finish. Cross-country runner Arlyn Love stated however, that "the personal satisfaction derived from the strenuous training far overshadowed the lack of glory received."

# Individuality Prevails

"There are places I'll remember  
All my life, though some have changed.  
Some forever not for better  
Some have gone and some remain.  
All these places had their moments  
With lovers and friends I still recall.  
Some are dead and some are living.  
In my life I've loved them all."

—John Lennon & Paul McCartney

Time passes; Thought becomes more  
perceptive . . . .

We search for many answers . . . .  
seek new changes for tomorrow . . . .

We have set for ourselves goals  
worth mastering, and will not  
turn away discouraged, but keep  
reaching for them.

While you, the establishment,  
try to impose your world on us,  
present your values, and  
attempt to fit us into your mold,  
We still will retain our own  
identity in this ever-changing  
world.

Senior Class Play

# "You Can't Take It With You"

On March 1, 2, and 3rd, the class of '73, under the direction of Mr. Ron Seney, presented "You Can't Take It With You," earning a total of \$1,462.50.

As one Senior said, "All helped to make the play successful by being united in their efforts." The comedy revolved around the Sycamore family who lives a rather insane life. Alice (Evelyn Winter), a member of the Sycamore family who falls in love with Tony Kirby (Aaron Love), a young executive, Grandpa (Chris Weber) who refuses to pay his back income taxes, Dr. DePinna (Bruce Preston) who spends his time making fireworks in the basement, and Penny Sycamore (Nancy Norris) who writes odd plays. All havoc broke loose when the Kirbys visited the Sycamores for dinner on the wrong night. Outstanding performers made the play acceptable to the community, faculty, and student body.

#### Senior Trip and Skip Day

## Seniors Enjoy Fun-filled Days

Combined efforts from the class of '73 enabled 128 Seniors to travel to Six Flags over Mid-America in St. Louis, Missouri. Even though earlier plans, which included Texas, did not culminate, one Senior expressed the spirit of the class when she said, "We could have fun going anywhere together." Proceeds from the class play, "You Can't Take It With You," and the car wash held April 7, made it possible to achieve their \$2600 goal. At 4:00 o'clock a.m. on May 6, Seniors boarded the three chartered busses from Jefferson Lines. While at Six Flags over Mid-America, Seniors enjoyed the St. Louis zoo as well as the various rides, such as the Cave Ride, Log Ride, Runaway Train, and Spin the Top. Puppet shows and the Dolphin show were added attractions, while the Mod Whirl, a head shop, proved to be fascinating. Returning home, Seniors found that their Skip Day of May 7 was just what they needed to help them recover from a sleepless but fun-filled twenty-four hours.

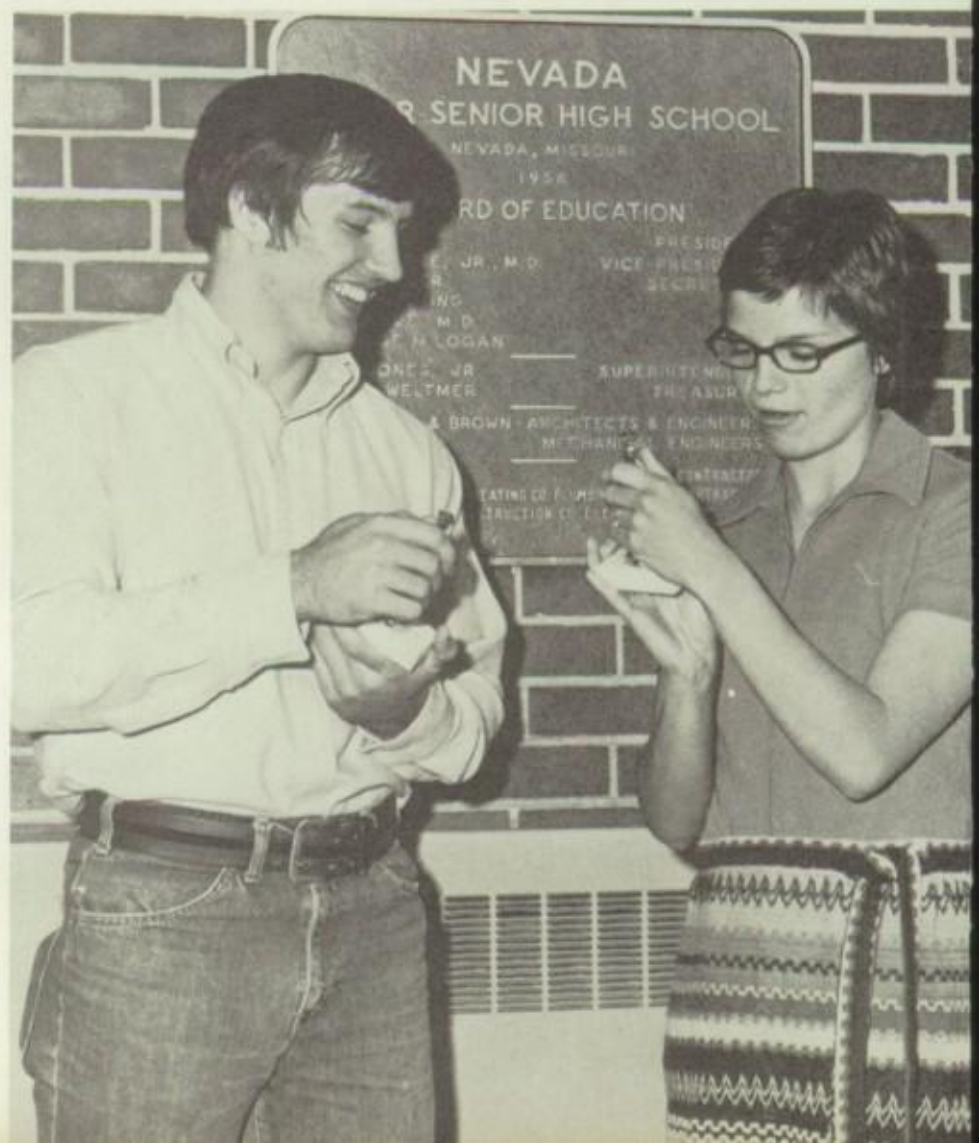

**SENIORS** receive many honors after years of hard work. **UPPER RIGHT:** Peggy Bagley, salutatorian, and Bill Christians, valedictorian, discover hours of studying can become quite strenuous. **LOWER RIGHT:** Mark Gordon and Ronda Curry admire their Senior Class Leadership Awards after the presentation on April 26. **BELOW:** Members in the top ten percent of the Class of '73 are **FRONT ROW:** (Left to Right) Cathy Schulz Meek, Beverly Craig, Mark Gordon, and Bill Christians. **ROW TWO:** Carol Shirley, Peggy Bagley, Shirley Wilson, Lu Ann Johnson, and Bruce Preston (Not Pictured).

## Senior Awards Top Seniors Receive Honors

Recognition came to superior Seniors after four years of maintaining an S+ or above average. Facing many challenges throughout their education at NHS, ten members of the class of '73 made up the top ten percent. Bill Christians and Peggy Bagley led the class with honors as valedictorian and salutatorian. Senior class leaders, Mark Gordon and Ronda Curry, were chosen for their qualities of outstanding leadership and dependability. "Without ideals, without effort, without scholarship, without philosophical continuity, there is no such thing as education." Thus the graduating Seniors terminated an impressive record of scholastic achievement.

**ORDERING** graduation announcements is a responsibility of Senior class officers (**Left to Right**) Chuck Lewis, treasurer; Ronda Curry, secretary; LuAnn Johnson, vice-president, and Marc Edwards, president.

# '73 Seniors Accept Changes

United as one, yet striving to retain their own individualism, the Seniors of 1973 viewed the ever-changing years at Nevada High School. Responsibilities such as student body and club presidents, head cheerleader, along with recognition in sports, were placed upon deserving Seniors. Class President Marc Edwards, along with sponsors Mr. Des Dehon and Mr. Marvin Bualle, led the class in many projects, paving the way for the annual Senior Trip. After completing twelve years of hard work, most saw May 19, 1973, as freedom-liberation day. Yet many looked forward to graduation with mixed emotions. Oliver Wendell Holmes puts it: "... The great thing in this world is not so much where we stand, as in what direction we are moving." Thus Seniors at NHS pursued their individual goals.

## Graduation

# Grads Leave the Halls of NHS

Graduation was more than receiving a diploma for the 166 graduating Seniors at NHS. It was the culmination of twelve years of work. Baccalaureate was held on May 13 with Reverend O. V. Dodson addressing the students. On May 18 at 3:15 p.m. the class of '73 gave their final farewell to NHS with the Senior class yell. But the grand finale came on May 19 when Seniors assembled in the gymnasium to receive their diplomas, a symbol of having met the requirements of the State Department of Education. Dr. Ralph Chalender, Head of Education at Shawnee Mission High School, made the Seniors aware of future challenges in his speech entitled "In Your Hands." Mr. John Nichols, president of the R-5 School District, finalized the ceremony by handing out the much anticipated diplomas. Seniors left the halls of NHS with the thought "that tomorrow is today and we must change with it."

Jr. Class Play

## Record Is Set by Class of '74

Ticket sales for the Junior Class play, "The Haunting of Hill House," set an all-time record. Battling precarious weather conditions, the class of '74 collected \$1,375.15.

Eleanor Vance (Mary Jo Ireland) is invited to come to Hill House by Dr. Montague (Roger Kennedy), who has an interest in the supernatural. He also summons Theodora (Vickie Wolf), who has ESP, and Luke Sanderson (Brad Pittenger), heir to the old mansion. Dr. Montague, with their aid, hopes to discover what is disturbing the house. He warns, "If you begin to feel the house catching at you, let me know." Eleanor becomes obsessed with the house, which eventually causes her to commit suicide.

Under the direction of Mr. Ron Seney, talented actors, a hard-working production crew, and a determined Junior Class, under the sponsorship of Mrs. Martha Armstrong, helped to make "The Haunting of Hill House" a financial as well as a dramatic success.

"The Haunting of Hill House" creates both suspense and humor. **ABOVE:** "John, are you listening to me!" persists Mrs. Montague (Becky Pascoe) to Luke Sanderson (Brad Pittenger) and Dr. Montague (Roger Kennedy). **UPPER RIGHT:** Theodora (Vickie Wolf) and Eleanor Vance (Mary Jo Ireland) become close friends during their sojourn at Hill House. **LOWER RIGHT:** The housekeeper of Hill House, Mrs. Dudley (Kathy Dahmer) retorts, "It's not what I agreed to do."

## Juniors

# Competition Characterizes Class

NHS Juniors fought to bring recognition to the class of "74" by remaining active and congenial throughout the 1972-'73 school year.

Highlighting the year were the purchasing of class rings and taking part in the Junior-Senior prom. By topping the record for money made for any Junior class play, by electing the third and fourth consecutive Homecoming queens from their class, and by participating in all school activities, the class showed that rank doesn't always determine the degree of responsibility assumed. One Junior summed up the class feeling, saying, "The Junior class is behind in years, but ahead in achievements."

# Sophomores Add To Total Spirit

"Sophomores have pizzazz," stated one member of the class of '75. In their second year of high school, Sophomores acquired new responsibilities of choosing more electives, belonging to more clubs, and holding club offices. Along with these responsibilities Sophomores were given the challenge of taking Driver Education. The GATB, California Achievement, and the Mental Maturity tests provided the class of '75 with the mental challenge they needed. Sophomores contributed their part in NHS's spirit by "all the noise they make in the hall." The class of '75 was summed up as being better than any other class because, "we're great."

# Challenges Present Goals

Ninth grade was a time of challenge. Methods changed, curriculum broadened, and opportunities were presented. For the first time many had a choice in their selection of classes. Civics was replaced with American History. Extra-curricular activities took on new dimensions. Both boys and girls could join the revised Pep club and sports became more competitive. The Class of '76, initiated into high school, became an active part of the nucleus of NHS. One Freshman spoke for the class when he said, "You are only in high school once in your life so get as much out of it as you possibly can."

# Active Class Moves Forward

In order to prepare for Senior High work and responsibilities, the Eighth graders had a busy year of activities. They elected 17 fellow students to Student Council, had many members take part in Sweater Club, and completely composed the Language Arts club. In the spring, the class held two sock hops and helped to organize Pep, Easter, Christmas, and Thanksgiving assemblies. It also had many members who participated in football, basketball, and track. Mrs. Lucille Pettibon, class sponsor, said that "this class is responsible and eager to help others."

## Seventh Grade

# 7th Graders Accept Changes

220 Seventh graders became a part of NHS in 1973. Each was able to participate in Junior High Industrial Arts club, Sweater Club, Anti-Van, sock-hops, football, basketball, and track. Lockers, lock combinations, new teachers, two lunch lines, and music in the library were challenges and changes each individual met. One Seventh grader expressed the general attitude on their first impression of Junior High when he said, "I was scared and thought I would be the only one who didn't know what to do when I got there." One more rung on the ladder of obtaining an education was taken and Seventh graders met and accepted the changes to become a part of NHS.

# Old Trends Recede

"People change, time moves on."

—Rod McKuen

We live in a "pressurized,  
glamorized, capsulized,  
synthesized, publicized,  
changing, exciting" world.  
A world that's "confusing,  
frustrating, frightening,  
impossible and yet beautiful."

Each of us have the freedom to  
discard the ideas of yesterday,  
substituting sometimes  
the philosophy of today.

Through a realization of self,  
we direct our unique abilities  
to develop a promising future of  
hope and peace for all mankind.

**CELEBRATING THE FINAL DEADLINE**, the Nevamo staff relaxes after a year of hard work.

"I do my thing, and you  
do your thing, I am not  
in this world to live up to  
your expectations and you  
are not in this world to  
live up to mine.

YOU ARE YOU AND  
I AM I

And if by chance

we find each  
other,

it's beautiful."

Frederick Potts
